A woman said to me that boys & men have always had ALL the privilege throughout history so it's acceptable to stifle innocent boys today to push girls ahead.

With that logic...

Attention ladies: You're all heading to war. Mandatory. Pack a small bag.

## Male Privilege

In Switzerland, military service (conscription) is compulsory for all Swiss men, but not women. If a man is not fit for military service, he is required to pay 3% extra tax until the age of 30. This is known as "military exemption tax". Naturally, women are also exempt from paying this tax.

In 2014 the Swiss voted on whether or not to keep conscription for men. This means women were able to vote on whether or not military service is compulsory for men. Despite not having to participate in conscription themselves, the majority of women voted to keep conscription compulsory for men.

Isn't switzerland super neutral? I feel like the military would be a nice break there lol.

timleykis28 points 14 July, 2020 05:12 PM\* **[recovered]**

They are neutral because they have a fuck off military.

in WW2 they managed to deter both Germany and the allied but shooting down a lot of allied ( american ) planes in their airspace for example.

sw6432 • 27 points • 14 July, 2020 06:32 PM

I was told this is called AGGRESSIVELY neutral

TiredExFeminist • 9 points • 14 July, 2020 07:26 PM

When Switzerland gets pissed and takes a side. Run.

username2136 • 1 point • 15 July, 2020 12:59 AM

Chaotic neutral

MGBz97 • 4 points • 15 July, 2020 01:25 AM

Trust me it's not a break, even if we are neutral we have an army and we are trained intensively.

iamraskia • 2 points • 15 July, 2020 01:30 AM

so you get a good workout but you're safe?

The hypocrisy is that's it should be his body his choice

qemist • 9 points • 14 July, 2020 05:50 PM

We live in a *society*! Seriously, every law tells you stuff that you're not allowed to do with your body. My body can't go over 55 in the interstate. Why not? it's my body. My body can't even go out of the house as it is, I need to cover it. How objectifying is that?

Some one banging on about men waging war:

Queens waged 27% more wars than kings:

[https://www.reddit.com/r/UnpopularFacts/comments/gvigb4/throughout\\_history\\_queens\\_were\\_more\\_likely\\_to/](https://www.reddit.com/r/UnpopularFacts/comments/gvigb4/throughout_history_queens_were_more_likely_to/)

Women are main voting bloc so women vote in all wars and female politicians vote to go to war (well for men to do it) and also order wars.

And to state the obvious women also benefit from all these wars.

Also women participated in all of these wars and enabled all these wars e.g. by working in factories to build bullets, bombs, missiles while men were at war, WWII would be impossible without women enabling war etc... then, encouraging men to enlist, forcing men to enlist, shaming men to enlist (white feather)... women fully

enabled war they werent passengers... they just didnt fight they got men to do that bit

Rad-masc • -3 points • 15 July, 2020 01:48 AM

Just because women vote more than men doesn't mean they are the main voting bloc, that is one area where you could say there is equality.

mhandanna[S] • 1 point • 15 July, 2020 11:39 AM

There are more women in population and more who vote, also women vote for womens issues, men do not vote for mens issues... hence womens issues are a political thing and politicians cater to them.... for example obamas ACA had 8 sections for women and 0 for men, despite the obvious... men live 5 years less, 2/3 preventable deaths are male and in all 12 leading causes of death, its more men.... simple, there is no male voter bloc or mens rights lobby to protest this, feminits would foam at mouth if it was the other way around.... and of course feminists lobbied for and made all those extra things for women in ACA in a purposeful sexist way

Rad-masc • 1 point • 15 July, 2020 02:27 PM

So every country is u.s ?

mhandanna[S] • 1 point • 15 July, 2020 02:32 PM

No but above is common in virtually every western country. And yes in many ways applied to non western countries too.

Theres a reason why 99.5% (yes really) of the £100,000,000 the UK spent on DV in 2006-12 was for women only depite 700,000 plus male victims of DV per year by the same governments OWN stats... and why just the other week they approved 1500 beds for women and 0 for men

"Women are the main voting bloc"

From someone who just finished secondary school that is so accurate and it tends to be female English teachers who are he worse I had 3 who were all the same sexist priks

mhandanna[S] • 5 points • 14 July, 2020 06:09 PM\*

English in univeristy is extremely feminsits subject thats one reason why. A lot of gender studies is based from english and a lot of feminist professors come from english

chambertlo • 5 points • 14 July, 2020 08:54 PM

Most women wouldn't survive war. They just aren't capable enough. This is reality.

Fokiomaxos • 3 points • 14 July, 2020 06:16 PM

Who won that election tho?

TiredExFeminist • 2 points • 14 July, 2020 07:28 PM

Fokiomaxos • 2 points • 14 July, 2020 07:30 PM

TiredExFeminist • 3 points • 14 July, 2020 07:33 PM

TiredExFeminist • 2 points • 14 July, 2020 07:32 PM

Swiss mandate military service.

[deleted] • 2 points • 15 July, 2020 01:39 AM

Swiss women are garbage

garvcrazy • 2 points • 15 July, 2020 03:57 AM

What a shame to live in this society.

somerandomuser295 • 1 point • 25 December, 2020 04:01 PM

Wait why did women decide about men having to go to war? Shoudnt men decide if they want to die for their country?

TiredExFeminist • 0 points • 14 July, 2020 07:28 PM

Personally i love Lisa. I'd wife that one up real quick.
