"It's a book teaching #women how to destroy a man's reputation in corporate America by filing false claims against him..." Even has 5-star ratings on Amazon

1,090 points • [112 comments](#) • submitted 7 months ago by [TerriChris](#) to [r/PussyPass](#)

I bought this book because I wanted to believe it was not real. It's a book teaching #women how to destroy a man's reputation in corporate America by filing false claims against him in a methodical and calculated way; mostly false sexual harassment claims. It was allegedly written by a PsyD. This is probably the sickest display of #feminism and the #metoo movement I have seen. #morewomen #falseclaims #sexualharassment #sexualmisconduct

Wow didn't expect them to go this far....

mbpDeveloper[S] • 11 points • 19 December, 2019 04:17 PM

Me neither, writing a book on how to fake rape ? This is new level for them.

Lorenz_b • 8 points • 19 December, 2019 04:17 PM

Yeah even for them...

CosmoaicComputer • 9 points • 19 December, 2019 07:22 PM

I I thought someone had said this book was sarcastic? Correct me if I'm wrong but I believe someone had said that here once

Philletto • 7 points • 19 December, 2019 08:39 PM

I think it's a cautionary tale for men, not an instruction guide for women.

meeselbon573 • 3 points • 20 December, 2019 02:29 AM

Yes. I believe it is a hoax.

BlatantNapping • 3 points • 20 December, 2019 04:13 AM

This book was definitely written by someone who dislikes feminists. It's like if a book came out before marriage equality called "how to destroy society, by the gays: how we secretly want to pave the way for people to marry their dogs"

Idk what is worse, people believing this or the people who believe the fart rape thing.

dohnstem • 3 points • 20 December, 2019 05:30 AM

What is "fart rape"?

BlatantNapping • 0 points • 20 December, 2019 12:26 PM

It's kind of an interesting thing how that hoax developed. There were two feminists giving a seminar somewhere and a MGTOW did a writeup on a blog stating that one of them was an activist against men perpetrating "fart rape" (by like farting louder?) There was also a fake quote attributed to her. We know this was not accurate because there are recordings of the seminar which were just general, if serious, feminist discussion.

A bunch of other MGTOW sites picked up on it and it became viral, including in memes with the woman's picture. The hash tag trended. Then other general blogs and articles came out commenting on it as though we're a serious feminist concern. That was like five years ago but every once in a while it pops up again among the "see how crazy feminists are?" set.

Ironically this woman's reputation was ruined by this lie, which is supposed to be something that anti-feminists care about in reference to metoo. But not in this case, I guess.

dohnstem • 1 point • 23 December, 2019 03:21 AM

Thank you for the clarification

TechDude30 • 4 points • 19 December, 2019 06:55 PM

I mean I can only see this book being turned against them in the future.

MardGeer • 5 points • 19 December, 2019 07:05 PM

That's not happening if no one holds them accountable.

mbpDeveloper[S] • 3 points • 19 December, 2019 07:33 PM

Well, you are right. If you use fear and rape so much. People will be awoken and they will have nothing. Society will turn against them i think.

[deleted] • 2 points • 20 December, 2019 01:16 AM

Say what want but if you're a professional man then this book should be essential reading. It doesn't just detail how they get your name out I'm public but how HR and even your customers are manipulated to get you fired or lose a contract. It also tells you how women lay the foundation to make it believable. Take it as a warning not a guide.

maxthyson • 1 point • 19 December, 2019 09:21 PM

The book. I've seen it a bunch. People say it's a synonym.

hollyscrew • 1 point • 20 December, 2019 06:41 AM

I read this was most likely written by a bloke using a pseudonym, having a laugh.

DylTheCoolGuy247 • 1 point • 20 December, 2019 10:22 AM

This is satirical

TraditionalCoffee • 0 points • 19 December, 2019 07:44 PM

Spoiler alert, the book is sarcastic! You should never ever judge a book by its cover!

machevil • 3 points • 19 December, 2019 08:46 PM

Change 1 word in that cover and watch the shit storm.

TraditionalCoffee • -1 points • 19 December, 2019 09:16 PM

Am I getting downvoted because people like the idea of hateful feminism as it fuel their inherent misogyny? lol

therealamitx7 • 3 points • 19 December, 2019 09:49 PM

no your getting downvoted for giving an insane explanation without some insanely good evidence

TraditionalCoffee • 1 point • 19 December, 2019 09:54 PM

I read the book. There is so much hate against it on the internet and literally no one has read it! It's so hard to find a review to discuss that! Ugh. Anyway. Moving on.

User-31f64a4e • 1 point • 22 December, 2019 07:06 PM

Hmm.

I don't know if you are correct or not.

On the off chance that you are, I will take a peek.

There is a download link at

[http://gen.lib.rus.ec/search.php?req=Angela%20Confidential%20Psy.D.&column\[\]=author](http://gen.lib.rus.ec/search.php?req=Angela%20Confidential%20Psy.D.&column[]=author)

If it is sarcastic, downloaders can then buy a copy so the author gets deserved compensation.

If it is anti male, then you can delete it instead of buying a clean copy.

JustOnePixel • -1 points • 20 December, 2019 03:23 AM

I'm gonna need her address, to uhh congratulate her in person, uhh yeah, that
