

# **“I barely know you” test when planning to meet with a girl from Instagram?**

I hit up this girl from Instagram around two day ago, we chatted a bit and everything was going good because she asked for my snap. Today I told her that we should meet in the middle and grab something to eat, then she replied “I barely know you still ☐”. I know text is only for logistics so I’m trying to avoid having drawn out conversations, so what would be the proper reply to this? Or do I just next

Agree and amplify.

This is just girl flirty banter. Back to the sidebar breh.

Say “yea neither do I, that’s why I’m bringing my mom along”. Or some light low effort joke. This is basic pitch and catch conversation.

Sylvester\_Sterone • 20 points • 12 July, 2020 06:20 PM

Hahaha I like it. Wonder what a lady’s response would be.

Do you have any other responses to “I barely know you blah blah blah”

throwawayyyy[S] • 38 points • 12 July, 2020 06:37 PM

I just saw some more posts on trp about it and some are like:

“You can bring your dad” or things like that

lietruth • 22 points • 12 July, 2020 06:38 PM

Yeah that’s where I copped it from hahaha

TheRedPillRipper • 13 points • 12 July, 2020 11:33 PM

low effort joke

Or direct;

*“Only one way to fix that. Meet me at [insert location] at 8.” Then up The Escalator you go.*

*Godspeed and good luck!*

[deleted] • 39 points • 12 July, 2020 10:41 PM

"Yup, hope you're not a weirdo!"

moto101 • 3 points • 13 July, 2020 05:37 PM

This is great, throws the ball back in her court with a response she would probably give you.

dr\_warlock • 16 points • 13 July, 2020 03:08 AM

Common sales style objection. It means you haven't generated enough interest. "make me more interested" is what she 'said'.

unamins • 2 points • 13 July, 2020 08:55 AM

exactly. She don't see why to buy you yet, you didn't show value to buy immediately.

Red\_Pill\_Brotherhood • 42 points • 12 July, 2020 09:11 PM

Low interest. You'll find out there's plenty of women down to meetup without knowing you yet.

If you want you can push it and just be straight up "Lets meetup to get to know each other in real life." anything but logistics results in ignoring and moving on.

MrAnderson • 7 points • 13 July, 2020 12:59 AM

This the girls I've met from online never asked me anything related to I barely know you other than logistics and confirmation.

What could one do than besides Agree & Amplify

[deleted] • 53 points • 12 July, 2020 08:50 PM

She's not interested.

Girls have no problem sucking Chad's dick within a half an hour of meeting them off tinder.

[deleted] • 58 points • 12 July, 2020 09:17 PM

This is the only right answer here. I've seen some college girls drive an hour just to get piped by some thugs

Altin\_Beg • 11 points • 12 July, 2020 09:30 PM

Damn fr? Tell me about it

[deleted] • 44 points • 12 July, 2020 09:32 PM

If she sees you as an alpha, she'll cut the dog and pony show to fuck you. If you know, you know.

Altin\_Beg • 10 points • 12 July, 2020 09:34 PM

I got this one chick in my messages, she's sexually interested, but finds an excuse for every time I try to set up logistics. What to do?

[deleted] • 53 points • 12 July, 2020 09:36 PM

Unpopular opinion; cut her off. She's looking for attention. A lot of dudes on here might tell you to keep pursuing, but if this bitch talks sex and comes up with an excuse to not meet up, then she's just using you for attention. That's how I deal with women like this.

Altin\_Beg • 11 points • 12 July, 2020 09:53 PM

Got it, will give one last attempt for her to see me, if she declines it's a next

[deleted] • 15 points • 12 July, 2020 09:56 PM

Definitely hit her up one more time. If she declines, be polite and be like, "Yeah we can figure out some other time, understand, etc." Act like everything is cool, so that way she doesn't get a kick out of fucking with you. Then next her.

Murdochsk • 2 points • 13 July, 2020 07:07 AM

Yeah always just be cool and polite when you next a girl without making her feel like she has the upper hand. Most the time they end up at your door anyway and those that don't never will

Women like guys like you. They fuck around with you, get you pissed off, and show their friends how mad you got at her by showing them your angry

messages. Fuck out of here faggot.

KidGrizz • 2 points • 13 July, 2020 12:24 AM

Yes sir!

IveSawitall • 1 point • 13 July, 2020 05:12 AM

Hard truth

dokuringo20 • 23 points • 12 July, 2020 09:41 PM

Bro... she's not interested in you. She's teasing you... You need to let her go and move on. She knows that if she keeps acting sexually interested, she can string you along and give her the attention she craves for without going out with you. Again, next her and fuck a different chick.

Altin\_Beg • 0 points • 12 July, 2020 09:53 PM

Got it, will give one last attempt for her to see me, if she declines it's a next

rmcassio • 4 points • 13 July, 2020 01:54 AM

She will decline

benhurensohn • 3 points • 13 July, 2020 05:34 AM

And he will not next...

Vulturo • 4 points • 13 July, 2020 05:00 AM

There are some women who are very well aware of the "game" as are you. This light sprinkling of sexual talk is something they use to milk your attention. You must polarize the situation, she's either in or out.

entrep4 • 2 points • 13 July, 2020 06:43 AM

That doesn't sound like she's sexually interested. It sounds like she's trying to trick you into being her orbiter

rad\_dynamic • 7 points • 12 July, 2020 11:50 PM

Nah, this could be a genuine concern. OP just needs to stand ground and make it out like its no biggie meeting without chatting first, agree and amplify achieves this. So just figuring out why that's an issue and beating her with logic.

[deleted] • 2 points • 13 July, 2020 01:05 AM

Yeah, of course agree and amplify say you're a serial killer etc.

However if you're running into this often girls don't perceive you as high value on Instagram/Tinder.

When I was younger and had a DYEL physique I got this a lot. Now after raising my SMV I've literally never gotten the "need more comfort before meeting" .

youcantdenythat • 24 points • 12 July, 2020 08:59 PM

Her: "I barely know you"

Me: "Duh, that's why we are meeting"

st0ckholme • 40 points • 12 July, 2020 09:14 PM

Too logical

BoyFromMiami • 2 points • 12 July, 2020 10:26 PM

Agreed. Funny and cocky , agree and amplify.

“Yea we haven’t met we may hate each other” or

“Nope we haven’t ,hope you aren’t a serial killer”

youcantdenythat • 20 points • 12 July, 2020 10:34 PM

These are a bit cringy and sound try-hard.

If she won't meet then she's an attention whore, cut her lose.

BoyFromMiami • 11 points • 12 July, 2020 11:14 PM

Hey, I’m open to suggestions. Those are actual quotes that have worked for me. But it’s not an end all be all but they have gotten me results

MrAnderzon • 4 points • 13 July, 2020 01:04 AM

Try not to grab something to eat. Keep it simple. Cafe, Drinks,

los69edalyssa • 13 points • 12 July, 2020 09:06 PM

Attention whore, move on

Anonymous33369 • 3 points • 12 July, 2020 11:59 PM

Probably cause you asked her too dinner instead of just a drink. She's not interested though if its anything besides yes it's a no

WRXLad555 • 3 points • 13 July, 2020 05:47 AM

She's not interested. Girls will happily meet Chad after 2 minutes of speaking.

cydestiny • 3 points • 13 July, 2020 08:33 AM

Hit up 10 more girls, then you will have your answer.

319Skew • 9 points • 12 July, 2020 11:55 PM

"Let's change that I'm going to X at Y. You should come. "

No shitty jokes or back and forth.

She shows up or she doesn't. If she does then you have the frame. If she doesn't then be sure to post something amazing.

Wait awhile then repeat. If she doesn't show then she's looking to keep you as an orbiter. Exit stage left.

You can exit with class or just ghost. I preach abundance but sometimes the time isn't right and she'll match you on tinder or something and it doesn't hurt not to burn bridges.

TheRealUrbanRonin • 2 points • 13 July, 2020 03:14 AM

Call instead of texting after u get a number from Instagram. Usually sets a better impression if you’re not

awkward. Treat it like a cold call

unamins • 4 points • 13 July, 2020 08:56 AM

Nowadays girls are scared of calls, especially from never met guys.

TheRealUrbanRonin • 1 point • 13 July, 2020 09:46 PM

I always call from numbers I get from tinder or bumble, for those who do pick up my call, it's a positive impression. If you say something along the lines of hey it's \_\_\_ from \_\_\_. Don't worry I'm not a telemarketer lol. I thought you were (compliment). Say something ab being old fashioned or making a first impression through calling. Ask ab her day and plans for the week. Plan a date. I've never had girls who were creeped out, only those who don't pick up and then I text instead. If she gives you her number, you still need to make an impression among the 20 other guys texting her. Calling makes you stand out.

i-am-the-prize • 2 points • 13 July, 2020 01:57 PM

reply: "then let's meet to change that fact" [then STFU]

either:

1) you're not attractive enough

2) she's more interested in validation and attention than meeting up

remember, your gold is your Time and Attention, so withdraw a bit: if you give it away too easily, you devalue yourself.

Shouldn't be giving advice when you're brand new here and haven't read the sidebar.

Online dating and social media are tools. You use them like any other tool in your kit.

throwawayyyy[S] • 2 points • 12 July, 2020 05:25 PM

What do you think would be the rp reply to this message?

SirKolbath • 8 points • 12 July, 2020 05:42 PM

There are several different interpretations of the Red Pill that would apply. Mine is that you have failed to demonstrate high enough value if she is not leaping at the chance to meet in person.

I'm a professional writer so I text more than I should, according to TRP. You have to find what works the best for you. In my case, I'm funny and crack jokes via text to soften them up and keep the conversation light but overtly sexual-- from the beginning they know I'm not looking for a buddy.

This doesn't mean you make it so blunt that you remove her plausible deniability. She has to be able to tell herself that she drove three hours wearing lingerie and heels because it "just happened".

"I don't even know you." is a shit test. The sidebar has extensive writing on those. One thing I could counter with is "This is how you *get* to know me," and then move directly into logistics, but remember they must be logistics *as if she is an afterthought to your already awesome plans*.

For example, "My favorite bar has live music tonight. I'll pick you up at 7p. What's your address?" Make it clear that you're inviting her to tag along to what you're already doing, *not* that you are making special plans just for her because she's a damn unicorn.

Shut up, rookie. This isn't /relationships. You don't have a clue what the Red Pill is about and nobody here gives a shit about what you *think* you know.

throwhawayyyy[S] • 2 points • 12 July, 2020 05:19 PM

I'm 19 so it's a good indicator of social proof for this generation. Also we have mutuals but never met in real life which is why I suggested the date. Quarantine is making approaching harder because of the mandatory masks rule so for the time being it's not a bad option

Dempseytysonali • -5 points • 12 July, 2020 05:21 PM

Meanwhile in real life all Chads have instagram

Who says they use it to talk to women?

Most people with a big social circle most likely have instagram

Tambamwham • 5 points • 12 July, 2020 06:18 PM

Most people with a big social circle don't need instagram.

Alzatorus • -1 points • 12 July, 2020 07:03 PM

Dude, you are so far off it's unreal. Reported to mods for complete and utter misinformation. I encourage everyone else to do the same and ignore him. If you want some solid advice on Instagram game then check out Based Zeus on YouTube and search on his page for 'instagram' - he has some great advice that works.

Back to commenter. Please keep your future comments to yourself and if you must post then be considerate and helpful, not rude and a keyboard warrior. Everything you have stated are all superficial qualities that you will lose and will end up without anyone and anything if you don't rectify the attitude. I don't think I've actually come across such arrogance on askTRP that

is from a completely unhelpful perspective.

All real members who want real advice. Don't force a dinner date as a first date. That's a lot of pressure for a woman and may back fire. I find getting a number and then calling her shortly after to be the best option for solidifying plans. If you do well she's more comfortable with you from that point on. Be different, not a dick.

BoyFromMiami • 0 points • 12 July, 2020 10:31 PM

Brother I have no humble way to say this, my Social circle is very large and I use Instagram all the time to get new prospects. I don't use apps (I could) I just have so many women that see my life on Instagram and want to be apart of it. If your going to use Instagram (which you can/ should) it needs to show you as someone that is fun and wanted by friends. I post my beach days, my times when I'm bridge jumping doing flips, my gym sessions with other high value males, my dinners with girls from my cohort in school, me riding motorcycles with my friends, me building shit.

What I DONT post, is me watching TV, memes, music, me reading, me walking around aimlessly, me at work, me doing anything average essentially.

Post exciting things and yield exciting results. Love a fun life you are dying this exact moment. I have gained so many plates from IG that I don't even use any other internet apps for game because I don't have a need to, it's I'm either day game or IG.

jrr6415sun • 1 point • 13 July, 2020 12:06 AM

just because you use instagram all the time and it yields results doesn't mean everyone with success has to do that too.

BoyFromMiami • 1 point • 13 July, 2020 01:53 AM

I never said it would. I am just sharing my experience here, which is usually what we do in this subreddit. It's the topic I responded to, sharing what's happened to me.

Tambamwham • 1 point • 13 July, 2020 05:23 PM

That's great. Bud. But you show that shit for attention. I bet half the reason you even do half the shit you do is to put it on instagram. Wanna know how I show women that im fun and wanted by friends? By letting women see it in real life.

BoyFromMiami • 1 point • 13 July, 2020 08:29 PM

I do that stuff because it's fun, and it's all a part of my life, I post it because it shows women what my life looks like. I don't go and do these things and say "Im doing this to post about it." Once again, I'm just trying to help by sharing my experience with instagram.

Tambamwham • 1 point • 13 July, 2020 08:45 PM

You have someone hold the camera while you do flips. My 12 year old nephew does that. Meet women in person, show women In Person. Social media is just a weak, lazy crutch

BoyFromMiami • 1 point • 13 July, 2020 08:49 PM

Ahh man. I understand where your coming from but I'll agree to disagree, I know we all want to see each other do well so I will take what you said and think about it. Yes I do have buddies record me flipping off tall bridges and cliffs, you are correct, I think it's a great hobby but hey different strokes for different folks.
