

# No, shes not speicial.

I though she was different. I even said to myself after discovering TRP (relationship began before TRP), that "She seems different. It's unlikely, but possible that AWALT didn't 100% apply to her."

That was during the relationship.

A while later, she says shes really depressed, didn't want to bring me down, etc. Breaks up with me. That's no problem, I was expecting it, since things started going down hill. What I wasn't ready for though:

Less than a week later, I see through other people's Snapchat stories that she is partying with her ex.

Now, one month later, her ex posts a picture of her, thanking her for shoes she gave him for Christmas. You know the kicker? This bitch was going to give me the *exact* same pair for me for my birthday before the breakup, but didn't.

Deleted both of them, blocked, next-ed, everything under the sun.

She was branch swinging right under my nose. I was naive to think she was any different.

Listen folks, if you think something isn't right, follow your gut.

My gut told me exactly who she was, very early on. Yet, I thought she was different.

Do not make my mistakes.

Watch her actions, don't listen to her words. AWALT.

I've seen this before happens all the time honestly. Relationships have like zero half-life these days.

What's Awalt ?

plxxx • 21 points • 25 December, 2018 02:20 AM

All women are like that. Read the side bar.

Never take any girl serious that still associates or talks about their ex. Damaged goods in the making

barn3r • 19 points • 24 December, 2018 09:29 PM

That's unfortunate this happened to you, buddy. Happens to most men at some point in their life sometimes multiple times. Don't stress it. Get yourself back out there and find some new girls.

If a girl even mentions an ex I now consider it a red flag. Plate theory and abundance mentality is the way to go.

hitherto\_insignia • 0 points • 25 December, 2018 02:39 AM

Plate theory? What is it?

You're not giving many details here. Some of the blame may also lie on you despite AWALT.

In a woman's mind she sub-consciously will size you up compared to her ex's in all aspects (sex skills, strength of frame, overall alphaness etc).

If you seem more beta than her previous bf then don't be surprised when she goes back to her alpha fucks (unless she's at the beta bux stage in her life).

I'm not saying that I am not to blame for it, of course I was. Toward the end of the relationship, I was pretty much done with it, anyway. All I'm saying is she surprised the hell out of me with what she did post-breakup, and what was most likely going on before that.

Edit: I left out lots of details that wouldn't really add value to the the post, other than increase it's length. I like to get straight to the point.

Sorry bub. Most of us have been there too. Shit sucks

GoocyLoveJuice • 3 points • 25 December, 2018 01:19 AM

Good. Now you know for the future.

CharlesChadworth • 6 points • 25 December, 2018 02:33 AM

Why the flying fuck did you have her ex on your social media?????

HastaPronto90 • 3 points • 25 December, 2018 02:48 AM

I asked myself the same while reading. Small town?

CharlesChadworth • 3 points • 25 December, 2018 02:50 AM

Possibly, however if any girl I'm interested in LTRing even mentions an ex let alone keeps fragments of them in their life, she wouldn't be anymore than a place to dump my load in.

Went to the same highschool the previous year. Knew him sort-of mutually.

I agree BUT don't follow your gut, follow your head. Rational decisions always.

If you date and girl stay on ig is kinda bad I think

Che\_43 • 0 points • 25 December, 2018 04:43 AM

Did you mean Snapchat? Because I can hardly imagine a person abstaining from ig while dating

Peter\_B\_Long • -7 points • 24 December, 2018 10:27 PM

Not sure why this is getting upvoted if there's no question here.

dtyler86 • 7 points • 25 December, 2018 02:24 AM

Whatever. There's no more red pill, it's only ask trp. Where else can a guy vent?

Velebit • 5 points • 25 December, 2018 01:15 AM

Lol I got suspended for a month despite asking for advice and here he is just venting.

StopGaming1234 • 1 point • 25 December, 2018 12:38 AM

Yep, this does not belong here. Only questions and request for personal advice.
