

Stop supporting females that sexualize themselves for money.

January 5, 2019 | 74 upvotes | by [TheDruidtank](#)

Just a mini rant so ignore it or post your opinion on it if you want.

It's so ** dumb how easy it is for a female to make money without having a single useful life skill. Most guys in their early twenty's have to somewhat struggle through school or work until they save enough money or get a good job.

Meanwhile females that are on sites such as seeking arrangement for sugar daddies, fancentro for incels to pay \$30 for their private snapchat, twitch, even the "send me money on venmo" tinder girls. Are literally making a living just exploiting men that willingly donate enough money to them as a collective for them not to have to work for a single thing in their life other than showing a pic of their tits. It blows my mind that those incels are the majority of our gender, why can't more men wake the **** up.

I personally know a girl that no joke has a sub 100 IQ but she makes 2000-3000 just being a bottlegirl at a club in one night from tips, and she ACTUALLY thinks she worked hard for what she bought with all that money. Meanwhile most young guys are lucky to make 1500 in one month after taxes working 40/hrs a week at an entry level job.

It's ** up.

1. You're preaching to the choir here.
2. If any of you matched with the catfish tinder account I made, disregard this post. Send me money

Mangasbzo7 • 28 points • 5 January, 2019 12:57 PM

OP this is a good thing.

The more men give their money to women to fritter away, the easier it is for a guy who doesn't do this to look rich.

Mescalean • 5 points • 5 January, 2019 03:13 PM

This. frankly its sad to see so many men neutered. But if you can refrain from being one of the simps your odds will increase drastically. The amount of bitch made billy betas groveling over these women will just drive them into the arms of red pilld men.

Nature corrects itself boys (;

King-Manlet • 1 point • 5 January, 2019 03:48 PM

Or brainwashes women into believing they're entitled to this treatment and they start to expect everyone to treat them this way

Smubii • 0 points • 5 January, 2019 03:33 PM

How does not doing it look rich? Women aren't analyzing whether a guy gives money to women to calculate his wealth

Auxfite • 20 points • 5 January, 2019 12:14 PM*

You gonna get hated for a post like this but doesn't mean you wrong because it's true. It's just men (beta cucks) can't control their sexual desires.

i made a video exposing the truth about the red pill and women

salamchik • 7 points • 5 January, 2019 01:26 PM

I doubt that any TRP aware guy will pay for this kind of shit. Unless he is super beta. But I see your point.

INNASKILLZ2K18 • 7 points • 5 January, 2019 12:59 PM

Use it against them. Tease the fuck out of them for it. I can get mad, or get even. Nothing grinds their gears like telling them they have that princess bratty vibe. I tell them they look like an Instagram model, who gets a whole lot of guys to follow her, but she just uses them for validation, cuz she's cold hearted.

Said in a massively cocky, playful way...then it's all about them qualifying themselves as different...

joeswo214 • 2 points • 5 January, 2019 01:52 PM

That's not using it against them by any means that's just kissing their ass like a nice guy

INNASKILLZ2K18 • 4 points • 5 January, 2019 02:01 PM

I don't get it. Being a nice guy, would be saying 'omg, your Instagram looks amazing. You are definitely model material. Can I take you to dinner'.

I basically just tell em straight out they are nothing but a social media, validation seeking bitch.

Whenever I've said it, they've had an offended, pissed off sorta reaction.

joeswo214 • 3 points • 5 January, 2019 02:02 PM

I guess you're right what you're saying does sound better. Haha

joeswo214 • 4 points • 5 January, 2019 01:50 PM

This guys talking about the big picture. Top notch post ☐

Your point is valid that a redpilled man shouldn't consume (especially this kind of) porn. Your reasons are wrong though. Why would you care how much these thots earn from all their loser followers?

joeswo214 • 7 points • 5 January, 2019 01:51 PM

Because its contributing to the power of females and loneliness of men and women, as well as the narcissistic and disposable/transactional nature of this culture. Our men are not men and our women are out of control.

Komorebi6 • 3 points • 5 January, 2019 12:47 PM

Sad but true..

RedSkeller • 3 points • 5 January, 2019 01:56 PM

I don't mind if that shit exists because there are creepy dudes who want abd can afford to pay \$60 for used panties. What I don't like is paying for a comfortable life for single moms who avoided responsibility like birth control.

Dazza477 • 3 points • 5 January, 2019 02:12 PM

Well that technically means hookers too, which goes against the beliefs of many people on the sub.

[deleted] • 3 points • 5 January, 2019 02:20 PM

I was like this. I never paid anything, but followed and liked and jacked off to thots on Instagram.

Why men keep doing it? Let's be real, not everybody lives in big cities or has an easy time releasing their sexual need to girls like that in real life. Also not everybody has unplugged.

It's far easier being complacent, but this doesn't bring you nowhere. It is also the hardest thing in the world to resist this state of mind, since brain feeds off dopamine.

The self improvement that you need to bang bad bitches, makes you also move on with your life and bad bitches don't take up the same storage in your mind as they used to. Everything we do is based around sex, if self improvement didn't bring better sex I don't believe so many would do it.

[deleted] • 3 points • 5 January, 2019 02:24 PM

Also, it's not something new.

In history, maybe in a society where climbing the ladder was infinitely harder, if you were a sexy woman you had a better chance to move up than a hardworking man.

Honest hard work never did jack shit, you need to be smart and use your cards.

sleepyweaselisawake • 3 points • 5 January, 2019 03:37 PM

Women are masters of manipulation and illusion. You can see it in every aspect of their social media consumption. It's unfortunate men are willing to buy into that illusion when it's a much better investment to use that money for self-improvement.

Stop chasing the quick dopamine rush guys, work hard to build something and enjoy the pride that comes with real accomplishments.

benmarvin • 2 points • 5 January, 2019 02:43 PM

Tell them you give them money if they fill out a W-9 form first so you can send them a 1099-MISC at the end of the year.

[deleted] • 2 points • 5 January, 2019 03:45 PM

males made this possible, only valuing and rewarding a woman on her looks, and now you're paying the cost of it.

Casd12 • 3 points • 5 January, 2019 02:35 PM

Are you angry that girls are taking advantage of beta male providers for essentially providing them with money?

HellRaisor • 2 points • 5 January, 2019 12:54 PM

Well she takes advantages of her strength, couldn't be more redpilled in that aspect. Life is not fair. Well a CEO can go clubbing all night and leave his secretary do all work and in the end he gets all the bucks and the secretary gets minimal

Jsieijeieokkd • 2 points • 5 January, 2019 02:12 PM

It's the nature of the matrix, at the same club a good looking male bartender will make the same.

But give it 10 years and the bottle girl will be looking to settle down as she sees her tips decrease and younger hotter girls move in. That's called the circle of life bitch.

MGRaiden97 • 2 points • 5 January, 2019 02:17 PM

This is like the male version of feminism. You're only looking at the good part of it.

Women have their own competition with each other through physical beauty. They have to be lucky enough to be born with good looks to monetize it, and even then, they are competing with other hotter girls for more money. AND EVEN THEN their looks decline as time moves on

Guys on the other hand have competition with each other through being skilled at something. There's no winning the genetic lottery in the US economy for guys. You want money? Get good at something and be better than everyone else.

Now compare salary of Jeff Bezos, a guy who didn't monetize his genetic lottery winnings, to the salary to the highest paid pornstar, who did monetize their genetic lottery winnings.

CaptainBW • 2 points • 5 January, 2019 03:27 PM

For someone with a sub 100 IQ, is it "better" for them to be unemployed and collecting welfare...or to earn \$2-3k per night as a bottle girl?

ntvirtue • 1 point • 5 January, 2019 02:35 PM

So stop supporting 90% of the female population?

TheTrenTrannyTrain • 1 point • 5 January, 2019 03:15 PM

#thotaudit

SalporinRP • 1 point • 5 January, 2019 03:50 PM

I don't think anyone on here is spending money on those type of thots so you're just kinda preaching to the choir here.

I agree that women acting like whoring themselves out is hard work is annoying but realistically if you could make 3-4K/month sending nude pics on snapchat and getting venmos from sugar daddies I can guarantee you'd do it as well.

Don't hate the player hate the game.

nicyhasreddit 1 points 5 January, 2019 01:03 PM **[recovered]**

It's totally fucked up.

Proper women working proper jobs are salaried at 70-80% of what a man earns doing the same work but those earning money with their sexual appeal gain so much. It just isn't fair.

We really need to stop supporting women who sexualize themselves for cash.

trp28287 • 1 point • 5 January, 2019 01:59 PM

Source on the 70-80%?
