The Alpha widow; again and again I find this phenomena the least discussed in the Manosphere, while it's implications on future long term relationships is one of the most cancerous.

The alpha widow phenomena may well be the leading cause of long term relationships breakups or open relationship initiations by modern women. An Alpha widow is branded on multiple levels: physically, emotionally, psychologically and even spiritually.

You need to be the alpha that widows her. That's the way you'll get her best

This is what happens when you get married being young and inexperienced. (Or get married at all).
If she was just a girlfriend it would take 5 mins to resolve this and both of them would be better off.

Never turn a whore into a house wife.

And made a fitting comparison....

Dude just dump her. You don't deserve living in the shadows like that.

If only divorce were that simple.

" he's a meek coward incel with a low self-esteem, and how lucky he's to have her, and how she deserves better."
women and their white knights

So my response to this kind of comment is this:

it's no wonder so many men have low self esteem and our suicide rates are so high in this modern world.

Maybe stop calling us losers because you make us feel bad about yourselves and learn to care about us for a change?

I know.

I know.

Women and their followers won't ever think of it that way.

But it needed to be said.

Sadly even 18 year olds are this way. The last girl I dated/hooked up with had dozens of sexual partners. She was 19. Alpha widow already, used up, stretched out and unable to pair bond if she wanted to. I just feel sad for her.

TweetBirdie65 • 1 point • 19 December, 2020 10:46 PM

Dozens at 18?!?!?

yousmallfish • 1 point • 19 December, 2020 11:02 PM

Yeah and the sole cure for an alpha widow is to be her biggest fish she has been sexual with, otherwise it's a lost cause for you.

Corran_Halcyon • 1 point • 20 December, 2020 12:55 AM

I can make an entire post about my experience dating and hooking up with her. I learned some valuable lessons from that experience. I have been taking my daily dose of red pills for years now, but experience trump's only having learned knowledge.

coloradocaniac • 1 point • 19 December, 2020 10:47 PM

Yeah, this still reads like she's cheating to me and won't admit it.

temerity18 • 1 point • 19 December, 2020 11:11 PM

He should just imagine he is doing someone else as well.

Then they will be even. Problem solved.

Nequis • 1 point • 20 December, 2020 02:14 AM

Sadly the guy can't bring himself to use the correct phrasing, it's not "our sex life" if she's thinking about other people, he's just a wallet with an attached dildo in her equation. Emotional cheating is as bad as physical one imo, the latter is only more direct in its manifestation.
