Hey fellas,

DON'T SIGN THE BIRTH CERTIFICATE OR ANYTHING ELSE UNTIL YOU'VE HAD A DNA PATERNITY TEST DONE PROVING THAT THE CHILD IS YOURS!!!

Again,

DON'T SIGN THE BIRTH CERTIFICATE OR ANYTHING ELSE UNTIL YOU'VE HAD A DNA PATERNITY TEST DONE PROVING THAT THE CHILD IS YOURS!!!

One more time, just to make sure,

DON'T SIGN THE BIRTH CERTIFICATE OR ANYTHING ELSE UNTIL YOU'VE HAD A DNA PATERNITY TEST DONE PROVING THAT THE CHILD IS YOURS!!!

I don't care what she says, I don't care how "awkward" or "uncomfortable" it makes things, I don't care how much you love & trust her, **YOU GET THAT GODDAMN PATERNITY TEST DONE!**

Cursedwithknowing • 23 points • 3 December, 2020 10:31 AM

This 1000 times over.

pilllogical • 11 points • 3 December, 2020 12:01 PM

And prenup it up if you don't wrap it up.

MrRoam90 • 7 points • 3 December, 2020 06:07 PM

Can you request a paternity test in the hospital ?

Rottinghere • 3 points • 3 December, 2020 07:52 PM

Depends upon the hospital, and the state that you're in.

This is why I fear the blue pill. The entire society can say that mgtow is toxic but what about these 'average' guys? Time and time again I see guys like him having no clue whatsoever about being cheated on. Until one day it's over. You can live 15 years of blue pill life to find one day that it was all a lie.

And this guy has a special situation that a woman won't have to face. He got two 8yo kids that love him as father. Yet he is in a limbo unsure of his fatherhood. He faces financial consequences of two kids as he can't just cut off kids he regarded as his own all this time. He also has to deal with 'real father' as that guy wants to play daddy now. Maybe mommy will get back with AP or maybe they share custody three ways or who knows. Entire situation is soul breaking and this guy will most likely get broken. I don't see any happy outcome.

Imagine growing another man's seed and thinking it's yours. That's awful by itself. On top of that, society would expect you to love the kids unconditionally despite you being cuckolded and knowing they are not yours.

Stahlboden • 23 points • 3 December, 2020 03:22 PM*

It's not even the fact the situation is terrible, even though it is. It's the fact that the man is expected to just

deal with it. There's no justice, even in theory. No article in criminal code, nothing. Even the moral judgement will try to avoid judging the woman and focus on how you MUST love the kids as your own, because they got used to you.

You are forced to live the life of misery and the one who put you into that position walks free.

Numerous_Ad_4106 • 7 points • 3 December, 2020 04:22 PM

Great insight. Also, don't forget that if you you get divorced in that situation you pay alimony to a woman that betrayed you and to kids that aren't even yours.

basedmillennial95 • 1 point • 4 December, 2020 01:53 AM

There's no justice, even in theory.

Institutional justice was always a lie to keep the peasantry at bay. The only true justice in this world is the justice you force upon it.

Chakra_Devourer • 2 points • 3 December, 2020 05:00 PM*

This guy spent 8 years. He won't get his time and money back. This cheating cunt got angry at the twin for something that she did. She chose to cheat. I bet this poor schmuck got his name on their birth certificates. He's on the hook for child support and possibly alimony as well since he's married to her for 8+ years.

Spartigus106 • 30 points • 3 December, 2020 09:48 AM

Masculinity is toxic until it comes time to become a monster and there are barbarians at the gates. Never give up your masculinity, when its gone, it will never come back.

non-w0ke • 8 points • 3 December, 2020 04:03 PM

Barbarians always come. They never skip this step.

The bigger lies are coming from CNN, the bigger shock will be.

Spartigus106 • 1 point • 3 December, 2020 07:43 PM

Agreed my brother. Stay strong

IcyEast6 • 9 points • 3 December, 2020 03:14 PM

She'll prolly ask for child support from both of them

JimmyBell239 • 4 points • 3 December, 2020 04:27 PM

and get it...

MGTOWayoflife • 3 points • 3 December, 2020 02:05 PM

Well you can either learn from others mistakes and situations or you can learn the hard way through getting fucked over. It's an easy choice if you're smart.

liaizon • 2 points • 3 December, 2020 07:55 PM

Momma's baby, daddy's maybe. ☐

gtowerthrowaway • 31 points • 3 December, 2020 08:58 AM

23andme - a gamechanger for cheating whores.

MGTOWayoflife • 16 points • 3 December, 2020 02:06 PM

23(otherguys)andme.

fuzzy_brbr • 25 points • 3 December, 2020 10:08 AM

A woman is privileged to know with 100% certainty if a child is hers.

Men dont have such privilege.

Considered_Dissent • 17 points • 3 December, 2020 11:53 AM

Yep they are well aware though they will feign absolute ignorance, to the point of outrage, of it.

Just look at the difference: if mother ends up with a child that isnt hers then she gets millions of dollars from the Hospital/Doctors; whereas if the guy isnt the father he gets no compensation, none of his previous payments returned and often keeps being robbed by the State to pay and is screeched at by reddit harpies etc that BiOIogY iSnT iMpOrTaNt!!!

kgopza • 7 points • 3 December, 2020 01:22 PM

Biology isn't important

Doc_Sithicus • 18 points • 3 December, 2020 11:42 AM

And here is an UPDATE

BossEven • 20 points • 3 December, 2020 12:49 PM

He still won't leave, what a cuck.

Chakra_Devourer • 8 points • 3 December, 2020 04:53 PM*

Reading some of those comments and one guy said, "I'm a dad and I think you shouldn't tell the biological father. You should be the father."

Talk about blue-pilled cuck comments! many of them don't stop and think "oh this man had been cucked and forced to pay in both time and money to raise someone's else kids." He was lied to by this cheating cunt. Now they told him to "just shut up and continue be a cuck because "think of the children" excuse. What about this man?

Where is his justice? Fucking bullshit all in all.

Lord_jyraksiz • 5 points • 4 December, 2020 12:16 AM

the real daddy is willing to step up according to the update. Let him deal with his own spawn.

donersbruv2 • 11 points • 3 December, 2020 01:16 PM

Its telling that soon-to-be-ex-wife is a decipherable acronym. STBXW.. took me about 5 seconds to figure out.

Beautiful_Wroth-Roar • 9 points • 3 December, 2020 01:27 PM

Paternity tests should be mandatory in every fucking country.

omarsn93 • 11 points • 3 December, 2020 03:15 PM

Why the fuck some men move out the houses THEY ARE PAYING FOR!!!! just kick her the fuck out

MSP_Generalist • 6 points • 3 December, 2020 04:20 PM

Because the whores know that they can call the cops, claim abuse, and be believed.

And now the man has a domestic violence arrest on his record FOREVER.

Good luck passing a pre-employment background check, ever again.

CeleritySteam • 7 points • 3 December, 2020 02:24 PM

It is a well known fact that DNA tests are primarily used as a weapon and a catalogue of DNA. It is also a well known fact that the government, exactly like females loves false flagging a problem then offering themselves as a solution, deluding NPCs who cannot see past the surface.

Case in point: Cheating that creates the need for DNA testing > you DNA test > you create a worse problem in the long term.

Another example: Anarcho tyranny creates high crime situations > people get cameras for safety > backdoors mean the surveillance state creates itself.

You can avoid all of this by avoiding females entirely and going 2D master race.

cliffbot • 6 points • 3 December, 2020 03:52 PM

Why did he move out? She's the cheater, she should be forced out.

WanderlustYouth • 4 points • 3 December, 2020 04:23 PM

You know what's even more fucked up, usually women monkey branch to a better looking guy (i.e alpha fucks) but she essentially cucked him with a mirror version of himself. That's really fucked up...

shivzuh • 2 points • 3 December, 2020 05:15 PM

Bro sometimes I wonder is this really the world we live in. The stories I witnessed are just like from fictional books mentioning hell. I can't believe this. Who would be so entitled to hide this fact from a human.

pangolin001 • 2 points • 3 December, 2020 11:12 PM

"OMG you're such a misogynistic asshole. Those kids need love too, it shouldn't matter if you're the bio father or not. A *real man* would step up and finish the job! You're just making excuses because you're a pussy! Your ex and the kids deserve better!"

Usual_Sir • 2 points • 4 December, 2020 02:30 AM

How many more simps will end up in this same situation? When we as men will demand paternity test? That's right blue pill simp she loves me....ha,ha,ha

Iventox • 1 point • 4 December, 2020 07:06 AM

To be honest with you, this person made monumental mistakes across every step. This man will be suicidal, have betrayal and psychological trauma, and will have to pay a form of child support or alimony. Rip
