The problem is that eventually women will need your solid career to rise the druggish spawn.

Downtowndex72 • 13 points • 14 November, 2020 11:37 PM

Their problem. Not ours

bruh_what_the_f • 4 points • 14 November, 2020 11:41 PM

Exactly.

Pretty sure they associate you with the high over time. It's pretty disgusting how many seemingly attractive women are really former druggie whores.

I was a tool. A means to an end. A gateway to the party with the popular kids... A ride... A provider of what the in crowd wanted. I sold LSD and weed so it wasn't particularly addictive, but OMFG the LSD days were pretty great. You want this shit nobody else has? Sex one time gets you unlimited access...

sell her salt as cocaine.

sooner or later, she'll be online with one crouch dropping and a typical profile from usual template.

"20 studies found a link between illicit drug use and a greater number of sexual partners."

"What's the best thing I can do in this situation?"

Ghost her. You already fucked and pussy is obviously all she has to offer. Good job.

kyledontcare • 4 points • 14 November, 2020 10:33 PM

Ditch her and walk; consequences will teach her and punish her far more. There's no saving women like this or helping them. They have to fall to the bottom of life first; and even then there's no promise they will learn anything. And they will stay on the streets where they belong getting money from Uncle Sam. Me, on the other hand, I have a house and car paid for and walk by loser women like this daily. And you can too! --Cheers gents!!

He needs to do what a real low life drug dealer would do. Just ignore her if she asks for drugs. This will probably make her more attracted to him.

taoofmojo • 2 points • 14 November, 2020 11:56 PM

Crush up some Panadol and give it to her.

withrowsprings • 2 points • 15 November, 2020 12:49 AM

Cry

"Cops...Cops..." "Sorry babe I am an informer, they are after me..."

"Save yourself, run...Letting them get you would be the last thing to do..."

"Can't you see? I am crying" (Its OK, we are over the phone)

"Luv u bab"

A couple years ago, a woman came to me on FB an litterally the first thing she said was asking if i was into cocaine. She also manifested interest in coitus. I agreed to fucking her and scheduled a trip to her city. A couple days later she switched puritan mode on and said she'd not have sex with me in the first time we met. I cut contact immediately.

I'm not going to say that you should do this, but it was a unique way to do it

Snoo-1303 • -12 points • 14 November, 2020 07:31 PM

This is obviously a fake story. Seems to be written by a 14 year old with a creative imagination.

mr_kuk • 3 points • 14 November, 2020 09:53 PM

Yeah! It should be written by a basement dwelling incel, that's how you know it's good because they spend a lot of time on research, since they're not getting laid.

Rev_Irreverent • 1 point • 15 November, 2020 12:56 AM

Why?

John09101 • 1 point • 15 November, 2020 01:14 AM

I would be surprised if it was. If you look on tinder it's almost depressing, they're all into 420 and drug culture shit
