Hurts so bad...so often

Reconciliation

My wife cheated on me with the father of our oldest daughters ex-boyfriend. My wife and I have been together since 1999 and have been married for 19 years tomorrow.

Last summer, I found it odd that she was so adamant to have me help her clean out her whole van and put the seats down in it. She had some stuff that needed hauled to the donation place, so, I chalked it up to that.

Well, a few months later, I found out that the next day, she screwed this guy in the van in an empty parking lot in broad daylight. They screwed again in the back of his truck behind a cornfield, and again in a cheap motel 45 minutes away.

She let him put it places I was never "allowed" and she blew him without his asking. She HATES giving blowjobs and I always had to beg. They also did positions that I'd always wanted to do, but wasn't allowed. She isn't very sexual most of the time and says she just wanted him to like her.

I ended up forgiving her and we've worked things out. That said, it still hurts. I still have dreams about them doing stuff and she still isn't keen on doing those things with me. She says it was just someone different and new and that he pursued her HARD. That much I know to be true because he's a serial cheater and has a reputation around here. Heck, he helped cause my buddy and his wife to get divorced. He has a way with words and then dumps the women when he's gotten what he wanted. Somehow, the women still flock to him. Anyway, my heart is so heavy at times.

I can't fathom ever returning to a woman who cheats. I can't wrap my head around it. She'd immediately be as good as dirt in my life. Literally nothing.

Scarcity complex. The second hand embarrassment I experience from some blokes

The ultimate insult to a man from women is to be withheld from anything sexual, because it's a free resource that costs women *nothing*

Let the simp rot, he's clearly of a low IQ not to learn from his mistakes or have any shred of self-respect to stay with her.

Your cheating wife knows you are a simp. You won't kick her to the curb. You will keep forgiving her everytime. Stop posting your whining here.

I gave up on any hope for this guy by the second "allowed". He will continue to suffer.

Don't know what's more sad the cheating story..or the end where he forgave her. This isn't like tattling on someone in grade school, stealing something from a store, talking behind someones back. You dump her!
