He needs help from an inexperienced woman to help run his kingdom ☐ Not a sound business plan.

Sounds like an indefinite unpaid internship.

MotoKittenMeow • 84 points • 8 May, 2021 12:55 PM

Oh no no, not indefinite! Just until she gets to old for him and he moves onto the next 21 year old

Males choose **long term** partners based on a trait that (according to them) depreciates with value over time... how they don't realize they set themselves up for failure is beyond me

Praximaros • 100 points • 8 May, 2021 01:26 PM

I find this is really typical of dumb men tbh. They date "down" to satisfy their ego and later complain that they settled.

Classy_Bunny • 76 points • 8 May, 2021 01:51 PM

What makes you think they're choosing long term ? Men like that only see women like objects that can easily be replaced. As soon as she gets a bit older he's gonna start looking for a new one.

encouragemintx • 51 points • 8 May, 2021 02:01 PM*

Exactly. Once whichever woman "wins" the mum- therapist-sex doll-housemaid role gets sick of his bs, he'll try to groom another. Women are like phone models to him. Is it so frustrating that he legitimately believes his outlook is anyhow valid, when in reality he's just a pathetic predator.

HaveNoIdeaWhatToPick • 50 points • 8 May, 2021 12:46 PM

Logic and Facts TM lmao

relationship_reddit • 36 points • 8 May, 2021 03:32 PM

I always think this is silly too. They don't just want a woman that is X years younger than them, they want a woman that is X years old (usually teens-early 20s), so even if they do manage to con some woman decades younger than them into a relationship, they'll still be lusting after someone even younger than her in a few years.

_electrafire • 17 points • 8 May, 2021 05:36 PM

It's like considering a car to be a "long-term investment." Men in the manosphere are incredibly financially illiterate, it's almost sad to watch

localgirlcult • 173 points • 8 May, 2021 12:22 PM

He doesn't really know about business because he has no "kingdom". He's a random unsuccessful black man who is right wing for some reason. This is the first time he's gained attention and it's mostly just people roasting him and he's been incessantly tweeting since then getting mangry and hoping for a crumb of agreement. Otherwise he can't get a retweet. I saw the photo of an audit ran on his account. He doesn't have a lot of followers and about 20% of that are fake. Bio says Songwriter & Producer ☐ Red Pill Tweets ☐ Free Thinker. Album "Doing God's Work In The Devil's Playground"

He's a complete loser.

blueveinnoble • 75 points • 8 May, 2021 03:33 PM

Dang girl, you gave us the Equifax, TransUnion, Experian AND the Carfax on his azz. Love it! ☐☐

localgirlcult • 43 points • 8 May, 2021 04:02 PM

There are more people reading FDS at this very moment than he has followers on twitter. His instagram doesn't pass the audit either. His engagement rate is very low. Like zero percent something. There are anomalies in his followers chart and so his audience quality score is poor, meaning there's a lot of bought/fake accounts following him, liking and commenting. You look into these tragic males even a little and the shoddily done facade crumbles. Imagine being so un self aware to feel it's ok to humiliate yourself like this.

GreatOrchidAmbition • 17 points • 8 May, 2021 04:40 PM

Whats the point in dating a man who hates on older women?? We will be older at some point and he will just

switch to a younger woman. I'm 19 and i've broken up with men/boys who hated on older women (30+).

Catharticoverdrive • 106 points • 8 May, 2021 08:57 AM

There is no way these men are suitable for long-term commitment:

they'd die / become sick and weird at some point and you'll have to take care of them..

they might leave you at thirty anyway.

They're the "*****Chads*****" the red pill complain about - meaning the type that young women in their 20s fawn over (Read: groomed and manipulated by) only to be dropped and boom they're thirty now and "haVe hIt ThE wAIL"

The concept of the wall is created by the red pill to basically force you into a corner. It's to get you to go with older men who'll hate you or losers in their 20s who you're uncertain will go anywhere in their lives.

PurpyPops[S] • 159 points • 8 May, 2021 08:23 AM

I'm glad you broke up with them. At 19, I'd suggest you avoid them altogether, because of this mentality. They view young women as unable to identify their flaming red flags and therefore easy to manipulate. They know better, but they also know that younger women don't. I'm in my 30's and I am yet to meet a man who has made it to 30 without becoming a total emotional clusterfuck. Unfortunately I learned through bitter experience - and they know young women haven't had that experience yet

HaveNoIdeaWhatToPick • 69 points • 8 May, 2021 12:51 PM*

Yesss this! I know a dude who dates only women who are 18-19 (he is in his late 20's) and every woman his age knows he is a total mess but these younger girls get so impressed by him, because he is so "mature" (only for them though) lol It's really sad to see them cling to him knowing what an ass he is. Everytime he brings his "new girlfriend" around the group he is working with, literally everybody gives him these silent, awkward, judgemental glances.

-badmadAM • 38 points • 8 May, 2021 03:33 PM

Me too, because I am young men think they can hate on older women in front of me (and I will be flattered). But I am glad about the stupidity of those scrotes, they are showing me who they are.

katathe • 17 points • 8 May, 2021 04:57 PM

Yep... i really do not understand girls who stay with those types of men.

relationship_reddit • 32 points • 8 May, 2021 03:39 PM

Exactly. You're the age they want *now*, but in 10 years when you're 30 and they're 40, they're not going to appreciate that they have a woman a whole decade younger than them, they're just going to be interested in the new crop of 19-year-olds.

adventcalendars • 36 points • 8 May, 2021 03:41 PM

I was in a club about a year and a half ago, just before rona shut it all down, and an older lad starts trying it on with me (twenty at the time). Whatever, I could be into it. I'd had a few drinks, and when he told me I was so much hotter than his wife I started to get upset and told him he shouldn't say that. He starts laughing about how she's lazy and boring and I went OFF.

I am a very passive person, but the thought of the person I love most in the world *mocking* me to some random bitch at the club broke my heart. I screamed at him, made a huge scene and cried in the bathroom.

He was mortified. I don't drink anymore lol and I NEVER go for older men. My boyfriend is four years older and that's my absolute limit. A man 35+ is not a suitable partner for me at this stage of my life.

plaid-pancake • 138 points • 8 May, 2021 09:33 AM

Yes. Men truly believe that them not wanting us is supposed to be the worst thing in the world to us. And I guess it makes sense because men treat women not wanting them as an attack and use it as an excuse to be violent towards us. They don't get it. The older I get the safer I feel because random men don't approach me in public as much. I'm under 25 and I don't get approach nearly as much as I did as a teenager. Is this post supposed to make me feel sad? Jealous? Cause that shit makes me sick and repulsed and wanna stay as far away from any man that says shit like this.

Colour_riot • 67 points • 8 May, 2021 01:21 PM

TBH I think men are very bad at guessing our ages from our faces, in a certain age band. They guess it from the way we dress and carry ourselves. The older I get, the more "no BS" my tone, outfits and general demeanour gets.

"Unapproachable" is an insult men like to fling at us but it's a magical shield that wards off lowlife NVM.

They don't have permission to approach

relationship_reddit • 21 points • 8 May, 2021 03:57 PM

It's definitely the no BS attitude. I have picked this up more and more as I get older, and it helps the scrotes understand pretty quick that I'm not interested.

And they ARE bad at guessing ages. I am in my late-twenties, but they usually guess I'm in my early-twenties, and one predatory scrote even asked me if I was still in high school. There is no way I look like I'm in high school. □

So I looked thru his account for fun and found out:

he lived in my area, which has one of the easiest and most affordable paths to home ownership but still rents.

he was homeless and broke a couple years ago, but now he is dogecoin rich.

his flexes include showing his text reminders from dentist appointments. If this is a flex, think of what that means.

he is short with narrow arms and a hairline that goes beyond his ears and he has a lot of belly fat and has been trying to diet and lose it. You don't ever see his teeth.

He is Ethiopian American, and Ethiopian women are normally very loyal to their own but he can't pull one which means his career is not in order. He refers to going back to Ethiopia and getting a woman from there instead.

Every other post is about shitting on American Black woman, being a Virgo man, missing Trump in office, saying BLM sucks, Kevin Samuels clips, and Christianity.

he has no coffee table and used a stool instead.

he got dumped a few years ago, which ironically coincides with the same time period he became homeless and had terrible credit. Props to the woman who cut off the leech.

he bought paid followers but beyond this tweet, no one was liking his tweets. He posts weirdly edited and cut off screenshots so he gives the illusion of proof but when you actually see the shot you see that he cut off the most important part.

Just a weirdo. Coming from Houston (and married to a Houston man) this guy is a low self esteem loser with no guy or girl friends and will probably get a mail order wife.

Connect_Chipmunk_691 • 61 points • 8 May, 2021 11:08 AM*

There was some podcast host and I don't remember his name but he and some guy were laughing about how whores are great to have fun with but they're not someone to build your kingdom with! I wanted to throw things at that screen so bad! Like, hey dude, since you're sleeping around so much do we get to be like that with you?

I don't know how to put words to the fury I feel at statements like that. Like men just want to use women for whatever and then put her down for being 'soiled' but they're the ones who 'soiled' her if you know what I'm saying! Just utter contempt for us. Is that it? Is that what that is? It's one of those things that makes me furious on a deeply instinctual kind of level, & I still haven't quite found the right words to describe it or explain the why behind that feeling, and behind what they're doing when they behave like that.

Gouda8995 • 38 points • 8 May, 2021 12:17 PM

They're hyper-atomized individualists. Believing simultaneously that 1)they should "pmp & dmp" as young

Connect_Chipmunk_691 • 35 points • 8 May, 2021 12:24 PM*

It's a level of infuriating that goes along with horrific forms of gaslighting. The frustration that comes when you are being abused by someone and when you try to make your case they tell you that it's your fault, that something's wrong with you and the thing that's wrong with you is something that's there because of what they did to you. Instead of taking ownership for the thing they did, they abuse you & use you then punish you for it like all of it's your fault. Entrapment? Bait and switch? Something along those lines?

Something my trauma therapist said recently was that men do all this s*** to women in their younger years and then when they get older and they want to settle down they want a woman with no baggage! □

And side note, men also get really annoyed having to go through sexual assault training. Both military and non-military men get irritated with that. You know what the solution to that is, dudes? Stop raping and assaulting women! Stop raping and assaulting fellow men! See? Easy!
