

Beware, jealous women HATE canine (man's best friend) if it competes with the "human romance" relationship aspect...

A dogs loyalty is forever. A woman's is not. If he got sick and went broke I guarantee you the dog would be by his side and her not so much.

bp_blew_up_the_gulf[S] • 33 points • 8 April, 2021 03:04 PM

Exactly, homeless men and their adopted loyal dogs as companion.

Nesarry31 • 23 points • 8 April, 2021 03:06 PM

Yeah. Women know nothing about honor & loyalty. That's why they wait at the finish line rather than getting with him while he's still building himself up.

bp_blew_up_the_gulf[S] • 10 points • 8 April, 2021 03:14 PM

I have had firsthand experience with beautiful/attractive young women who prove to be disloyal (or teased me to string along then rejected). My heart broken again and again. GYOW.

anongogogo • 36 points • 8 April, 2021 03:08 PM

That second one is funny. Claims she can do good gourmet cooking, sex, and financial assistance.

Clinton-jail • 11 points • 8 April, 2021 07:23 PM

Financial Assistance part is the funniest. Just tell her we're going 50/50 on this upcoming trip, that's when you'll know financial assistance never exists lmao

Adawk91 • 11 points • 9 April, 2021 12:35 AM

she "assists" you in "managing" your finances.

whiskytango74 • 2 points • 11 April, 2021 06:39 AM

You misspelled draining.

[deleted] • 4 points • 8 April, 2021 05:25 PM

But don't you dare objectifying women !

GroundbreakingAd7585 • 30 points • 8 April, 2021 03:03 PM

Coincidentally, she let a relationship end because she refused to compromise with someone she was compatible with... or she's a shit person, and blaming a dog was the easiest way to dump her.

nitro-666 • 4 points • 9 April, 2021 09:31 PM

This. Nobody leaves a perfect human partner for the possibility of having a dog, so she's not perfect by any means and the guy just resorted to the easiest pretext.

BobbingForBunions • 18 points • 8 April, 2021 04:56 PM

Ladies, stop raging.

Here's the bottom line...

Dogs don't give you good conversation, gourmet cooking, sex, financial assistance, etc. They are a nuisance with the barking, picking up poop, stinking up the house, rushing home to take care of them, and destruction of property... They do nothing but beg food and breathe in your face with their disgusting breath and tongue hanging out.

And yet, more and more men prefer a dog's company to a woman's company.

Think about that for a moment.

Let it sink in.

Perhaps you'll realize where you rank when it comes to adding value to a man's life.

It'll require a bit of self-awareness, and I know that's not your strong suit. But this is such an obvious reality that I'm confident you won't overlook it.

Red_Liner740 • 2 points • 9 April, 2021 04:09 AM

bravo....

CommanderOfTheDeath • 16 points • 8 April, 2021 03:41 PM

These idiots be talking out if their asses when it is scientifically proven that animals which could be described as "adorable" like dogs, cats, ducks, etc. help with mental health.

Also that the first commenter talked so nasty about dogs, is enough to show what kind of person she is. Any man who breaks up with such women dodges a really huge bullet.

MGTOWayoflife • 12 points • 8 April, 2021 04:31 PM

They have to gaslight about this. They know dogs are a threat to their ability to find Mr Cuck aka their early retirement plan.

Dog's come with all of the rewards and none of the risks that women do. I've never heard of a dog divorcing a man or filing a fake rape allegation. They are loyal from the second you get them to the second you or they pass away.

42252252 • 7 points • 8 April, 2021 07:16 PM

They're jealous, too. I had a GF who started kicking her dog when I came over to scare it away, because I gave it more attention than her. She was kooky, like in the beginning she would get all weird and clam up because I wasn't looking at her from the "right angle". It was like she wanted to be photogenic in person, too.

The dog is consistently happy and fluffy, why wouldn't I be excited to see it? It's never said "Oh don't rub my back I don't want wrinkles on this shirt".

psylikik • 12 points • 8 April, 2021 04:20 PM

Dogs don't give you good conversation - They don't give arguments either.

gourmet cooking - Oh please. What happened to empowered women no longer belonging in the kitchen?

sex - Sex steeply declines after marriage. Besides what's wrong about not wanting sex?

financial assistance - 50/50 is financial assistance. Paying the whole date bill, wedding cost, mortgage and vacay tickets for two is the opposite. Did i mention **divorce costs**. (alimony/child support)

generic-affliction • 10 points • 8 April, 2021 03:11 PM

Great conversation? I think she's over selling that aspect of a woman

nerves-of-steel • 6 points • 8 April, 2021 03:22 PM

More like every aspect of a woman. I mean, gourmet cooking and financial assistance, seriously?? LMAAO

generic-affliction • 6 points • 8 April, 2021 03:37 PM

Microwaved hotdogs and plain chips is what she's serving

LTtheBasedGod • 10 points • 8 April, 2021 03:26 PM

These people are fucking crazy. Nobody is obligated to own a dog, but why the fuck do you have the mindset that it should provide cooking cleaning and sex? It's a companion to take care of, not a servant to provide for your needs.

Atesz763 • 6 points • 8 April, 2021 03:54 PM

Also dogs do have jobs. Some help blind people, keep the house safe, employed by police etc.

MGTOWayoflife • 1 point • 8 April, 2021 04:34 PM

Those police dogs are bad ass.

I used to be an MP (not K9 though) The Malinois (sp?) scared me more than the Shepherds. Sounds weird, but it seemed like the Shepherds had a circuit breaker of sorts.

The K9 guys kept a retired, blind Beagle around just because she did her job for years (drugs) & seemed happy.

Red_Liner740 • 2 points • 9 April, 2021 04:09 AM

my best friend has a malinois....seriously the thing runs on nuclear fuel....it NEVER tires....and is like a coiled spring ALL the time. It could be sleeping one moment and you throw the ball in the air and hes 4' in the air catching it....the thing is mental

RedditName3000000 • 1 point • 9 April, 2021 01:12 AM

And when they are servants they're happy to serve and just want to know they did a good job.

JordanFirdBird2 • 10 points • 8 April, 2021 04:10 PM

LOL they mad dogs are better companions to men than they are.

To sum it up:

"the sum of everything that i am, which is a great human and partner" this screams narcissism to me

Blissbynature • 6 points • 8 April, 2021 10:59 PM

"What can a dog do that's therapeutic that an actual licensed therapist can't do better?"

Love you

EnvironmentalRest4 • 4 points • 8 April, 2021 03:55 PM

Modern women don't provide much if any of what she claims women provide. Maybe 3-4 generations ago but I wasn't around then.

lulz3r • 5 points • 8 April, 2021 07:26 PM

There really is a subreddit for everything.

me-dgaf • 3 points • 8 April, 2021 06:45 PM

He chose wisely.

thewhiskey_zulu • 3 points • 8 April, 2021 06:58 PM

Well the dog won't cheat on him, and use his vulnerabilities shared in confidence as emotional black mail. But that's none of my business.

alienmuseum • 3 points • 8 April, 2021 07:56 PM

3 escape slaves that don't want to be at her beck and call. I'm pretty sure the dog thing is just a trigger. There are a variety of issues that she hasn't brought up in the discussion.

SuperSupremeKai • 2 points • 8 April, 2021 04:26 PM

I live in one of the top dog-owning cities in the US.

lol, what did she expect?

Wildhouse83 • 2 points • 8 April, 2021 08:11 PM

A whamen may hate dogs due to their ability of smelling a bad personality right from the start.

Sexy_McHandsome • 2 points • 8 April, 2021 10:28 PM

They are just too arrogant and their ego cannot accept rejection.

The_mighty_bo • 2 points • 8 April, 2021 10:51 PM

Any person that hates dogs, freaking dogs this much is a living tumor anyway.

kakramer1211 • 2 points • 8 April, 2021 11:46 PM*

My dog is lazy, and disgusting. He is gross. He chases after every bitch he ever sniffed. He is an escape expert and he costs a lot to keep him healthy and patched up at the Vet. He slobbers and farts, occasionally he poops when he can't get outside (my bad), but through and with it all, he is WAY more loyal and trustworthy, entertaining than any woman could hope to be and just an all around good boy to have around. Bassets are just the best breed I have ever owned. And they are chick magnets. Beau has gotten me laid more times than I ever did for him. He is a big wuss though. He is ready to go anywhere anytime, he is a good singer and he likes road trips with me which is something my wife never did do. Beau my Basset loves me and he listens to me even when he cannot comprehend what I am saying. He has a HUGE vocabulary, but so far he can't speak English. He understands it and he tries to speak all of the time, but with those big rubber lips, it is difficult. His eyes speak volumes. I just know that God wants men to enjoy life and to be happy, and dogs are proof of that.

Nuclearrussian74 • 2 points • 9 April, 2021 05:49 AM

To be fair, you did find that on r/Dogfree. I don't like dogs either, and a woman having one might be a dealbreaker.

show-me-the-numbers • 1 point • 9 April, 2021 01:49 PM

I like dogs, but I don't like dog poop. No dogs in my house.

gantz_au • 2 points • 9 April, 2021 09:45 AM

Everything they mention as being a woman's virtue in a relationship with them is transactional.

They're describing how they're all prostitutes.

GoodFaithSockPuppet • 1 point • 9 April, 2021 12:44 AM

Wild. Just wild.

My parents have a pair of yappy little poop machines, but the one that wants to be adored? She's a cute ball of worthless.

It's like she's a living embodiment of that Buzzfeed skit for owning animals "SLAVE" and the concept of "Cuteness Aggression"

thehedgehawg • 1 point • 9 April, 2021 06:44 AM

I like how the only reasonable way women see to deal with life is to go see a therapist and take psychotropic drugs...

"The sum of everything I am, which is a great human and partner"

Ahahahaah

mythrowxra • 1 point • 9 April, 2021 08:50 AM

Because my dog actually has a heart.... and its all based off providing him basic life necessities that a BITCH can't provide without drama, or something arbitrary that doesn't matter.

Also, like men... dogs are severely under appreciated for their work and sacrifice that WOMEN fail to do as of modern...

I'd feel more comfortable having a stray dog raise an infant than a woman...

mythrowxra • 1 point • 9 April, 2021 08:51 AM

"Man's best friend"

Wasn't just given... it was fucking earned!

WeirdInternational46 • 1 point • 10 April, 2021 12:06 AM

I have definitely experienced women being jealous of my dogs. A woman can't stand you give attention to anything but her, and she is jealous of anything in your life that predates her relationship with you. She seems to want your life before she came along to be a blank state, as if you were nothing and had nothing before her! I can't count the times I've warned some woman "you do NOT come between a man and his dog." All in all, it's just something else she can bitch and nag about. I got my first dog on my first birthday, I've never gone more than a year without one, and I miss any of my former dogs much more than any former girlfriend or wife! Add to that, most women are too damn lazy to help take care of a dog, and only complain about the smell of a dog because women think a house should smell like some fake flower eye-watering chemical crap from Bed Bath and Beyond Wal-Mart or some stupid place. I fully plan on dying with a dog by my side and no woman in my life.

PremiumRobot • 1 point • 10 April, 2021 05:34 PM

The thing about depression is that it leaves people without a sense of responsibility and they become responsible. If you get a dog or any pet, you now have a responsibility and a companion that can make you feel better

BellEnd1980 • 0 points • 8 April, 2021 09:58 PM

Imagine basing even a sliver of your identity on the fact you *don't* own a dog.
