This is a modern-retro 90's family sitcom waiting to happen.

Who's the dude who sang the Full House and Family Matters songs? Sign him ASAP.

It should be a crime for people like this to bring kids into the world.

Get rid of the welfare state. Divorce and the right to vote and work in anything but essential jobs for women they couldn't pull this shit

I laugh about these people suffering the moronic existence they create for themselves, they're getting what they deserve. But it's sad that their fucked-up lives will be inflicted on the innocent kids they bring into the world.

Sounds like the woke version of All in the Family.

Beneficial\_Garage • 2 points • 13 March, 2021 02:31 PM

Sounds like they need to sneak the kids out. Chain the doors shut. And set the house on fire.

This is why people need education... And to stay away from the glass BBQ too.

silhuetas • 2 points • 13 March, 2021 03:09 PM

This is why traditional family values are important. Things like this can only happen in a dysfunctional socialist "utopia".

alienmuseum • 1 point • 13 March, 2021 04:02 PM

What the fuck is this shit? What a fucking mess.

Well if an alcoholic claimed to be an expert on alcohol he wouldn't be wrong necessarily - but you probably shouldn't take his advice ☐

“Claiming a child for taxes” is like giving money away for credit card reward points.  
How are these morons still alive?!

It's like real house wives with only one house

*Family Matters* is filmed in front of several sidepiece kiddies.
