

Looking for an old post

Very unlikely someone will know it but it's a guy talking about meeting some girl on tinder or in a bar, fucking her and then Fucking the same girl again 5 years later without realising it's her. They both realise the next day they had met before as she is already in his phone. The guy then checks her Facebook and she's been going out with the same guy since the first time they met.

What are you hoping to learn from that post?

Anyways, I have the vaguest memory of what you are talking about but I believe it was in the TIFU sub

Just wanted to show a friend who noticed a similar thing with a friend of his.
