Very true. I find a plot of land, i make my own food and house even without participating in the monetary game. However, the system dislikes that.

Fleeb4MrZurkon • 58 points • 9 March, 2021 01:17 PM

How dare you be a free man you selfish freethinking independent fuck! Dont u know whamen need you to completely ditch your self respect and life to dedicate servitude of vagina!? Youre deplorable sir ☐☐

Paliant • 29 points • 9 March, 2021 01:35 PM

Isn't that wild they don't even teach survival skills to kids with all that time and opportunity? Nah, they need to be good little consumers and pacify their natural state. Except if the lights and water go out, this dependent society is FUCKED. Nobody wants to say it tho, we are pacified immensely compared to our ancestors.

IceyBear988 • 18 points • 9 March, 2021 02:21 PM

I'm not ashamed to say i almost fell for the "reliable system" until the age of 25+, i realize everything that includes women is part of the tools shaped and designed to keep baiting people to the hamster wheels.

Paliant • 11 points • 9 March, 2021 02:26 PM

I think that veil has fallen. Texas' grid was literally fully preventable. Want to be truly shocked? Do some research about how much natural gas is used in fertilizer and thus in agriculture. If natural gas ran out, instant famine for a large portion of humanity because we can't grow food to scale otherwise.

goingmyownway_ghost • 5 points • 9 March, 2021 06:32 PM

archit14 • 6 points • 9 March, 2021 04:23 PM

Well, fuck the system.

ncarolina66 • 33 points • 9 March, 2021 01:07 PM

But, but...the white picket fence, with the "loyal" wife and 2.1 kids, and dog and marriage and working a corporate job and paying taxes and, and, and.....

FairlyWhelmed • 16 points • 9 March, 2021 01:22 PM

I'm really in it for that extra tenth of a kid, you know?

ncarolina66 • 11 points • 9 March, 2021 01:41 PM

Yeah, those are the best kids too...the 1/10th 'er's....

Kolo11234 • 5 points • 9 March, 2021 01:29 PM

It's the 2.1 kids that got me. Please elaborate.

Han_Tyumi98 • 9 points • 9 March, 2021 01:45 PM

That's the average # of kids per woman.

LibertarianLibertine • 8 points • 9 March, 2021 02:27 PM

It's the replacement rate. The average is far lower. Around 1.5.

Micro_Peanuts • 6 points • 9 March, 2021 06:45 PM

Hello population sink.

DKN3 • 31 points • 9 March, 2021 02:28 PM

I was married and oh boy! What a damn ride... gentlemen it's not worth it, women don't do anything but nag, you have money... "why do you have money let's go to the beach", "why you work so hard?" "My money is my money, yours is ours" shit like that

Fireside • 16 points • 9 March, 2021 03:14 PM

I'd rather live alone and be miserable than be in an unhappy marriage and be miserable.

Cursedwithknowing • 12 points • 9 March, 2021 02:18 PM

MGTOW man leaves in peace.

Silver-Discipline550 • 14 points • 9 March, 2021 02:29 PM

Less is More.

AeternusDoleo • 13 points • 9 March, 2021 02:54 PM

Needs a "Tinder Inc." at the storefront in the back. Then it'd be perfect ;)

sacandbaby • 6 points • 9 March, 2021 06:17 PM

Underrated pic.

BuddycatOwO • 5 points • 9 March, 2021 08:45 PM

Do your own thing, dawg.

Heatbeat • 2 points • 9 March, 2021 04:32 PM

Women aside, is there no value in raising a child? How does the world continue to exist with men not procreating? This is where I get lost with MGTOW.

Marfi09[S] • 3 points • 9 March, 2021 05:08 PM

Good point. I thought about this for a while as well. If all men in the world went their own way, population would go down rapidly.

The thing is, mgtow is more of a reaction rather than some ideology or action. It's a reaction to modern western society. If this was 1900, most mgtow/redpill guy would stop all this bs and start planning about having next child with their lovely wife. But here they are.

Rest assured, US and the others will have enough blue pill men to keep the population stable. Redpill will

always be a minority. And with migrants from other parts of the world where family-marriage is the norm, things will be fine. At least until the collapse (my personal prediction is within 2040-50).

Also mgtow has different sects. Some go monk, some are old married dudes, some don't marry. The core value of mgtow is to go your own way, whatever that means. It can be a homeless monk or married guy with two kids. As long as you are happy, not sacrificing your needs for superficial trends or money or status or girls; you are a mgtow. Recently some guys are saying that mgtow means no marriage or kids but I personally don't think that way. Though the risks of divorce rape, repeated breakup-divorce and others stuffs are present.

As for raising child, mgtow2 sub talks about adoption but I personally don't like that. A child needs both parents for a healthy growth. If you want marriage or kids then you have to take risk and invest time and money. I think you know by this point that the way your parents or grandparents lived their married life doesn't apply now. The bs in church, school, twitter also doesn't work. So you have to find your own value and qualities to make your marriage work.

Been MGTOW for most of my life. Yet I have 2 kids and 3 grandkids. Strange I know. My lineage will carry on after I am gone.

Legs2big • 2 points • 9 March, 2021 07:26 PM

Most of us care not what the world becomes. We just do our own thing and it's goddamn hard enough. To each his own. If this "leaving a legacy / being remembered 2 centuries from now" horsehite drives you this much, then act accordingly in your own life. Then perhaps you'll remember why we couldn't be arsed...

over4real • 1 point • 9 March, 2021 10:44 PM

I mean this is some deep existential stuff. You can say what is the point of procreating but then what is the point of anything? Just living for pleasure?

Legs2big • 1 point • 10 March, 2021 11:29 AM

No procreation doesn't imply living in pleasure. This sophisticated approach reveals your lack of wisdom and this is what I usually expect from females. Look further, and within please. There are other endeavours to be undertaken in life than what national TV fed you.

justthrowmeout • 1 point • 14 May, 2021 02:43 PM

He didn't say procreation implied living in pleasure. He said live for what?

deepspace7 • 1 point • 9 March, 2021 07:35 PM

The world will continue to exist. It's the humans which will cease to exist. Does humanity benefit from continuing? With the countless suffering that takes place in a single life, why would we want to impose it on a future generation?

RedPilledWorld • 1 point • 10 March, 2021 11:52 PM

Why keep a toxic society afloat?

Heatbeat • 1 point • 11 March, 2021 01:00 AM

Why live at all then? Go live in the woods and die alone if that's how you really feel.

NeuroMaster93 • 2 points • 9 March, 2021 11:07 PM

This is gold and so true

Magnolia1008 • 1 point • 9 March, 2021 10:13 PM

the MGTOW guy should have a bigger smile.

flibbidy_floob • 2 points • 10 March, 2021 01:58 AM

Doesn't want to bring too much attention to himself. Some folks get bent out shape if they think a guy is too happy lol.
