Brother Daniel's video on Muslim Whiteknights is also really hilarious if you haven't already seen it.

I'm laughing at this hard because all these things he said have been said on MM

It is a meme at this point.

Watch from 36:34 This is exactly the kind of info I grew up on. Muslim men and Muslim women in my family have been good role models.

Brother Daniel has an amazing channel mashallah. I first saw him on the deen show. It was a bit weird and funny that he sounds like me in many topics □ His wife tells the truth about the husband and wife dynamic. May Allah (SWT) grant them peace and blessings :)

Keep grinding brothers, do not let anyone trick you with fake Islam. We should stand by the truth and never sugarcoat it.

Jzk khair.

good advice akhi we should always follow the sunnah. so much people are fake and try to trick us into believing them it's everywhere

Yeah, I actually saw his stuff one time and was impressed. I didn't hear good things beforehand and because the voice of the unintellectual and liberals is the loudest sometimes we fall for their hype even though we are supposed to know better, especially our sub because we get accused of false things by them all the time. It just shows you how much of a fitnah the uneducated people of the Muslim community really are. By the way they were describing him I was expecting a super radical, super extreme kind of guy but it was anything but that.

I don't watch too much because a lot of these ideas are my own and I don't want to be influenced by other content makers. But it's definitely good stuff.

Honestly I have a more negative rights view of the world. I don't want you to do anything for me and vice versa. Just don't fuck with me and I won't fuck with you. The only reason I strongly emphasise wife beating in my discussions is that since an Islamic marriage demands her livelihood from me and also my commitment, I better expect something good back. so I'm not sure I'd be man enough to be a good husband, I like not having that responsibility
