"Her past doesn't matter!!"

Sure it does. It's for the same reason
banks don't lend money to people with
bad credit.

Would you let a thief look after your goods?

A pedophile teach your children?

Then why is this not the same for marriage if not more important? -

Marriage is forever and your children will be a product of the mother anyways since daddy is at work
people only care if the girl has STDs

also being a virgin isn't enough - she can be a virgin but made out with all the boys in her class if sucked 100
dicks and had anal with the whole college football team is she still a "virgin"?

according to the islamic rule yes - so we need to add a new word
she needs to be "pure"

If you're not merciful to people then do not expect Allah to be merciful to you back. ارحم من في الارض يرحمك من
في السماء

Today's present is tomorrow's past.

"I did a mass shooting but it's ok Allah forgives all"

people have the same mentality for zina

Smokeless__ 2 points 9 June, 2020 04:53 AM

Allaah is very merciful but I think he is going to laugh if you commit zina and try to say a quick prayer!

SClayDavis 1 points 5 June, 2020 02:15 PM

HOW DARE YOU

IF ALLAH FORGIVES THEN WHY CAN'T YOU

TrynaBeTheBest 1 points 5 June, 2020 03:17 PM

Marriage is forever and your children will be a product of the mother anyways since daddy is at work

Allah forgives the rapist, pedophile and murder too

and then they will say, "having sex isn't the same as murder" well we know that but doesn't mean you forget about someone's past

Would they treat a alcoholic or drug addict the same as a clean person?

no, even if alcohol/drugs are legal it's disgusting

same for zina

SClayDavis 1 points 5 June, 2020 03:26 PM

Same reason judges ask for a defendant's prior record

The past matters!!!
