

Girlfriend wants to bring over guy friend to sleep at our's place

November 25, 2016 | 17 upvotes | by [Greek-God-Brody](#)

I live with my girlfriend in a studio apartment. We started dating 3 months ago. Today, she told me, out of the blue:

‘this guy friend from another city is coming over for a few days and he will sleep at our's place. He'll probably have to sleep on the floor

Background:

- We're been dating for 3 months.
- The guy is older, and relatively good-looking. Hasn't gotten laid for a year.
- **Girlfriend confessed to me some time ago, that if she hadn't met me, she would have hooked up with him**
- This is the 2nd time she has invited him over. First time it was in the 1st week of our relationship. My GF slept at my place for 3 nights, and she left him alone in her apartment. Except..inn the 1st night, they spent a few hours alone at her's place, and she had more than a few drinks. At 3AM, she arrived at my place, semi-drunk.

Notes:

- Girlfriend is going to a phase of boredom/ light depression in her life (not because of me, she says. It's just a phase), and mentioned that 'him coming over, would lighten up the mood'.
- The whole time he's staying, I'm on vacation leave from work and my GF knows this. So I'm gonna be with her and sleep with her most of the time.
- She has previosly cheated on her past boyfriends (1+ year into the relationship), and assured me that she's had her fair share of men and that phase is over
- Our sex life has dried out lately

UPDATE1

- Confronted her, like a jealous beta. She tells me I'm paranoid
- She wants to try group sex, a few years into the relationship
- Out of the blue, she tells me, that besides this guy coming over for a few days, there is this Italian guy(best friend of a guy she dated in college) coming over next weekend and she will meet up with him at night, to go clubbing (admitted she'll probably return late at night and that I should trust her)

Should I be worried about this guy?

Son, you just need to realize that she wants this guy and first chance she gets the panties will drop like the bass at 3am.

If she has told you he hasnt had sex for a year this means she is discussing sexual habits with this guy.

If she is having a rough time and he will brighten up her mood by coming over, he has something she needs that you do not have.

She even admitted to wanting to have sex with him which is a no-no in my book.

If nothing happens this time, trust me, it will happen as soon as there is an opportunity.

You have only dated for 3 months so move on while you still have time and energy.

Greek-God-Brody • 8 points • 25 November, 2016 01:41 PM

She also told me that there will be times when she will want to go out alone, at night, to party or whatever (she only has male friends), which is very hard for me to accept.

BusterVadge • 40 points • 25 November, 2016 02:00 PM

ONLY male friends? Major red flag. You can do better than this! Downgrade to plate!

[deleted] • 29 points • 25 November, 2016 02:39 PM

Next. All we hear is excuses from you. Stop making excuses my man

the-bum-hammer • 7 points • 25 November, 2016 07:00 PM

Sounds like she's setting the stage for you to just understand she needs to hang out with friends (read: fuck her male friends).

MrSnarf26 • 3 points • 25 November, 2016 08:59 PM

I am 0/3 girls that have only male friends being trustworthy of loyal after a few months. Just saying- only male friends usually means she had a lot of character flaws and constantly needs beta orbiter attention, and she has nothing to offer other women in friendship.

[deleted] • 2 points • 26 November, 2016 12:00 AM

Women can't be manipulate with the thought of sex.

You're right ever girl I know that doesn't get along with other girls is trouble.

[deleted] • 3 points • 25 November, 2016 11:59 PM

Yeah, this is awful. You LTR'd a party girl that loves attention.

northern_yeti • 1 point • 26 November, 2016 11:21 AM

You're joking right? Like this isn't even a real question...Right?

LordThunderbolt • 1 point • 26 November, 2016 03:48 AM

Ahhhhh u fucking troll. Stop it. Youre not even trying anymore, come on lol.

PantsonFire1234 • 1 point • 1 December, 2016 03:31 PM

This shit is ludicrous, this has to be troll.

Boxterr • 29 points • 25 November, 2016 12:51 PM

Should I be worried about this guy?

Uh I think you should be worried about yourself. Why are you living with anyone you've been dating for 3 months? If it's this soon into the relationship and she's pretty blatantly wanting to fuck another guy (not to mention lives with you so soon after dating) then she's probably not taking your relationship very seriously.

You moved into her flat.

It's already bad enough you live together, however out of the two choices of her moving in with you or you into hers, you've chosen the worst of the two.

Now you have fucked up

MrSnarf26 • 5 points • 25 November, 2016 09:01 PM

Lol. So you moved in to save money? Get a life dude. Plus she obviously is trying to stay close to another guy while seeing you = branch swinger.

Platos_slow_brother • 16 points • 25 November, 2016 01:17 PM

90 days into a relationship, she should be brightening her mood with marathon weekends of sex with you. Not a good sign that she is willing to squander that chance for hanging out with another guy. A really bad sign, actually.

Greek-God-Brody • 10 points • 25 November, 2016 02:49 PM

We haven't had proper sex in a week.

Frdl • 38 points • 25 November, 2016 02:58 PM*

ABORT! ABORT! I wish I could punch you in the face across the internet.

1. Totally fucken disrespectful to invite a guy she wanted to bang over to sleep at your place. Man the fuck up and illustrate some boundaries.
2. Girls that cheat on past boyfriends, cheat on current boyfriends. It's not a phase, it's part of their character.
3. Why the fuck did you move in w/ a chick after 3 months? You must be all sorts of pathetic, and this is probably why she believes she can walk all over you.
4. He will, "lighten the mood"? Girls who are content do not fucken talk like this. She's fucken bored after 3 months with you? You need to get the fuck out now.

the-bum-hammer • 14 points • 25 November, 2016 07:07 PM

In theory, you should be worried about every guy but, at the moment, it's this guy's cock she's sucking.

PantsonFire1234 • 0 points • 1 December, 2016 03:45 PM

What still boggles my mind is how girls get themselves in these situations. Why would they date a guy they aren't attracted to, invite him to live with her and then be frustrated he lives with her because they want to fuck multiple other men?

I need a more definite answer than "AF/BB Bro".

the-bum-hammer • 1 point • 1 December, 2016 05:42 PM

I need a more definite answer than "AF/BB Bro".

Ok...

Why would they date a guy they aren't attracted to,

Because that shmuck will do anything and everything to attempt to get pussy.

invite him to live with her

Because that shmuck will pay most or all of the rent in attempt to get pussy.

and then be frustrated he lives with her because they want to fuck multiple other men?

Because he's a pussy and she needs to fuck cock. So, the frustration is that he's in the way for fucking, but awesome at other things, like being her bitch and paying her bills.

Or.... "AF/BB Bro."

PantsonFire1234 • 1 point • 1 December, 2016 06:01 PM

Because that shmuck will do anything and everything to attempt to get pussy.

No I mean the woman, why does she decide to go for someone she's not attracted to.

Because that shmuck will pay most or all of the rent in attempt to get pussy.

She could manipulate a friend or orbiter to do that without having to bang him and go through the hassle of a romantic relationship she's clearly not feeling.

Because he's a pussy and she needs to fuck cock. So, the frustration is that he's in the way for fucking, but awesome at other things, like being her bitch and paying her bills.

Again, I don't see why she can't play an orbiter, her dad or some girlfriend to do these things for her while she has an awesome boyfriend that she likes to show off and get fucked by.

It just makes no sense. It's obvious that she can't attract the level of guy that she's attracted to so she compartmentalizes. I know hot girls who have very hot boyfriends. They might cheat out of years of boredom or a moment of weakness. But not out of lack of interest for their own boyfriend.

This girl is clearly with someone she's not compatible with. We yell "AF/BB" and this is partially possible. She could be splitting it up completely. Using her BB for material and emotional shit and her AF for the feel good/fuck good part. But why have sex at all with the BB then? Isn't this the description of a male orbiter. Why not friendzone him.

This post is probably bait and yet I've seen many such cases. The only answer is that girls like that are unaware of their low value and have too high standards. When I was 17 I also wanted the hottest girls I

saw and nothing more. Took years of maturation to accept I had to aim for 6's and 7's until my SMV took a leap.

ThisIsMyPotPie21 • 41 points • 25 November, 2016 12:31 PM

First problem is you're living with a girl. Second problem is she has male friends. Third problem is she told you she would hook up with him. Fourth problem is she was alone and drinking with him. Do I need to continue? Plate her, move out, not necessarily in that order.

VasilyZaitzev • 34 points • 25 November, 2016 12:57 PM

Having male friends isn't a deal-killer, but not having appropriate boundaries certainly is.

babybopp • 19 points • 25 November, 2016 01:09 PM*

I have been that guy who cucked the boyfriend. She is cucking OP and actually making him feel good about it. "He will lighten up my mood..lol" My MO was similar to this guy. Grab her ass while the boyfriends face is turned. Fuck her when he is asleep. And I was her friend. He had zero idea. She has definitely fucked this guy and numerous times. They are just upgrading their kink. The whole confessing is bullshit kinda like confessing to smoke weed to a cop so he does not think to look for your heroin stash. OP, don't live with your girlfriend...

VasilyZaitzev • 7 points • 25 November, 2016 02:21 PM

I was speaking generally, although would not surprise me in this case.

"When there is doubt, there is no doubt."

-From "The Sayings of Chairman Zaitzev"

PantsonFire1234 • 1 point • 1 December, 2016 03:41 PM

They are just upgrading their kink.

This, the girl gets off on cucking a guy and cheating in front of him. Can't wait to try that one on my current girlfriend.

PantsonFire1234 • 1 point • 1 December, 2016 03:35 PM*

If this post is even remotely true that this girl has zero respect for that guy. I'm almost sure she got banged by that guy when she arrived at OP's apartment drunk. She talks to other dudes more than OP. She wants those dudes to stay over at her and OP's place. She wants to have group sex a.k.a multiple dicks, preferably while OP watches in the corner.

Women like this make me sick. Sometimes I'm saddened by the fact that I will never end up in a relationship with one like that. Because if I would then I could nuclear blast her stupid ass top the curb. All I can do now is pray this guy finds his balls..

balalasaurus • 8 points • 25 November, 2016 06:02 PM

Why are you living with someone you've only been with for 3 months? That's the real question.

clint_bronson • 4 points • 25 November, 2016 06:46 PM

Dude you're driving into cuck town at full speed, and worst thing is, your girlfriend is the one giving you directions.

She doesn't respect you, that much is obvious by your post, i think you even know it, but probably need someone else to tell you, well, there it is, she doesn't respect you. Do you know what women do with men they don't respect? That's right...

Oh...and, in a couple of days, do update please.

Somebody's trolling somewhere...

PantsonFire1234 • 1 point • 1 December, 2016 03:48 PM

My trolldar goes off like mad but the worst part is, this is shit I've seen happen in real life..

Zunscirii • 3 points • 25 November, 2016 04:48 PM

So shes not having sex with you.

She already cheated in her past and had many sex partners.

She wants some guy thats hotter than you to sleep at your house while your not there?

Sure what can go wrong.

the-bum-hammer • 3 points • 25 November, 2016 07:10 PM

It makes even more sense now. It's her place. OP is not even her ATM (but probably supplemental rent support), so she can bring over the real guys she wants to fuck.

[deleted] • 2 points • 25 November, 2016 01:53 PM

This relationship is a complete fail. Dump her and kick her out of your house. Your girlfriend is a whore. I'll explain why if you need to, but it's very obvious.

allkindanuts • 3 points • 25 November, 2016 03:38 PM

I know this is hard to hear but she's most likely banging that guy. Even worse is that she's convinced that you're so ball-less that you won't do anything about it. BREAK UP WITH HER NOW.

a_regular • 2 points • 25 November, 2016 07:55 PM

This is bait.

[deleted] • 2 points • 25 November, 2016 10:05 PM

Should I be worried about this guy?

You really should be worried about:

Your girl's lack of respect for you.

Your lack of boundaries for her.

Your living arrangement (whodafuq shacks up after 3 months).

The fact that you had to ask TRP if you should be worried.

Fuck the relationship. You need to hit the reset button on yourself. Use this opportunity to next this girl, take a step back and improve yourself, especially your mindset.

LordThunderbolt • 2 points • 26 November, 2016 03:46 AM

Is this a troll post? You've been seeing this girl for 3 months and you already moved in together? Now she's inviting this Chad friend of hers that she told u she would be fucking if you weren't in the picture? She didn't even ask for your opinion, she just told u what's gonna happen and you just have to fucking deal with it.

I have no other advice to give u other than let the man sleep on ur bed. Its the least u could do as a good host. Sleep on the floor in the living room while he sleeps on your bed. Your gf can stay in your room as well as I'm sure the bed can fit two peple, so no need to ruin her comfort.

[deleted] • 2 points • 26 November, 2016 06:26 AM

Dude you are fucked.

No sex in a week. Former flame moving in.

You need to find a place to live now. Keep it on the DL. Sign the lease. Use your work down time to move out.

Or wait until the big artificial fight she uses to break it off and kicks you out. Either way start saving and get ready to call a friend at 4 am for a place to crash.

BestSC86 • 3 points • 25 November, 2016 02:53 PM*

"Hasn't gotten laid for a year"

Except for the times he fucked your GF.....

How exactly does your snowflake know the number of times this dude has had sex? Pillow talk.

I am thinking this has to be a troll post:

*1. few hours alone at her's place, and she had more than a few drinks. At 3AM, she arrived at my place, semi-drunk they fucked hard.

*2. Our sex life has dried out lately
three months in and she is inviting this dude over...to fuck her.

*3. him coming over, would lighten up the mood
for sluts a good fucking will usually lighten the mood.

*4. previously cheated on her past boyfriends
SLUT alert.

Isn't it like rule number 1A somewhere that you don't try to LTR a slut?

The advice on this sub, and the sidebar are for your protection. TRP is here for moments just like this. The fact that you even posted the question means your gut (spidey sense) is warning you of the dangers ahead. Gut feelings are one of the ways our subconscious tries to warn our conscious brain. So what does your gut tell you when it comes to your current relationship ?

aDrunkenWhaler • 4 points • 25 November, 2016 06:21 PM

Your relationship is over. Period. Whatever you try to do at this point to save it is not only futile, but a retarded way to waste time and energy.

The question you should ask yourself now is what to do next, knowing this. The smartest thing to do is to leave tomorrow, say it's not working out and nothing more, and go 100% radio silent afterwards. But you're not at that level yet, your still green, you want to talk things over, call her out on it, patch up your ego, get revenge etc.

No matter how many times we'll say 'leave now', you won't until after everything is done, after several fights with her, her admitting she cheated, and draining out all your energy for days.

[deleted] • 3 points • 25 November, 2016 04:22 PM

She's my first ever girlfriend and is older than me.

There will be more, for sure, so get out of this one or you'll just getting very hurt.

the-bum-hammer • 2 points • 25 November, 2016 07:08 PM

First girlfriend – means you act like a pussy. Evident, as you already moved in with her before you knew her.

Because you do everything for her, she views you as a doormat. Girls don't fuck pussy doormats. They fuck them over. Big difference. Her pussy is for real men, which you have proven not to be.

You're younger than she is, so on top of viewing you as a pussy (thanks to your own behavior), she also views you as a little boy.

[deleted] • 2 points • 25 November, 2016 03:13 PM

3 months? And she's inviting guys to stay at your place? It's still YOUR place, 3 months is not long enough to make it hers too.

My opinion: a: You've moved way too fast letting this girl move in with you. b: she's going to sleep with this guy. Her past behavior almost guarantees it

Your responses to the comments on this whole thread read like a cuck looking for punishment.

If you're really this pathetic, I would suggest you re-read the RP sidebar, pay attention this time, and hopefully in the future you can tap into the man inside that brought you here in the first place.

You lost this. Chad's coming and she can't wait.

dammit_redskins • 1 point • 25 November, 2016 05:48 PM

Three months and you live together. He don't want to be saved.

Archwinger • 1 point • 25 November, 2016 06:36 PM

There is way too much wrong with this.

You are cohabiting with a "girlfriend" after 3 months.

In fact, you made a girl into a girlfriend despite what sounds like a pretty huge laundry list of slut tells.

You're living in her place, so she's got the power to determine who stays and goes and can kick you out.

She's dropping about 50 hints that you're her backup, not her plan A.

You're not even getting daily sex out of this shit deal.

I imagine your conversations have kind of danced around but never directly addressed whether she's actually had sex with this guy before, huh?

fc98292 • 1 point • 25 November, 2016 07:10 PM

Next the girl... and her lover.

TheSigmaMonster • 1 point • 25 November, 2016 07:11 PM

Why in the fuck are you dating her? living with her after 3 months? Allowing this guy to come stay? Have a girlfriend you aren't having sex with?

FilthMonger85 • 1 point • 25 November, 2016 10:43 PM

Every red flag in the book. Not only is this guy fucking her, they are both laughing behind your back at how easy they have gotten away with it. Now he's gonna move in??? You're a damned fool.

supersonic-turtle • 1 point • 25 November, 2016 11:18 PM

I would just move on bro, she wants him inside. Move on or get used to being second best. Is she a cosigner on the lease? If not boot her ass out immediately, she is not worth your time man.

[deleted] • 1 point • 25 November, 2016 11:57 PM

"She has previously cheated on her past boyfriends (1+ year into the relationship), and assured me that she's had her fair share of men and that phase is over"

"Our sex life has dried out lately"

How many boyfriends did she admit to cheating on?

It doesn't really matter, just curious.

You need to leave this girl. If you trust her, you are foolish. Do not believe what she says. She has proven that she is okay with lying and being disloyal.

In the future, move slowly and vet women better, especially before getting in a LTR and moving in together.

Not sure you ought to be doling out advice on Seddit if you're coming here with questions like this. You seem to have posted this in order to gain some external validation of what you already suspect, that's my guess anyway...

Honestly, do you really think this is normal behavior in any relationship?

You and your girl really defined that you're in fact in a relationship, right?

Lastly, are you fucking high?

MeatCurtainRod • 0 points • 25 November, 2016 10:02 PM

Dude.. **you aren't dating her**. She is your roommate. She is just being polite because she wants to have wild animal sex with a date and is letting you know before hand of all the loud shit that's about to go down. You know, kinda like putting a sock on your room's door knob.
