

The lowest of the low, that I've never thought possible

June 9, 2021 | 737 upvotes | by [HotTrouble0](#)

I just spoke today with my mom on the phone, when she said about what she did today: she saw an announcement on her grup of a new born girl who's mother has died at birth. Tragic, but nothing that I haven't heard of until now. She decided to give her some clothes and went at their home for the donation. She also went with a friend, they bought different things for the girl and then decided to speak a little with the grandparents of the girl.

Do you know how the women died? Beaten. By her husband. She literally died because of the hits. And while she was dying, she gave birth to the girl. That was the most shocking and the most tragical thing I've heard. Not even in the animal world I haven't heard of this. My reasoning mind could not understand how can this even happen. How cruel can you be to beat to death a woman that chose you, loved you, and had your baby in her. Just... How?

Stay woke girls.

Sadly this is not surprising to me either. I can only hope that the little baby won't go to her dirtbag dad or anyone enabling his abuse, past or present.

Unfortunately, her father is few houses away. For I don't know what reason, still free. Still not in jail. This is the world we live in. After I've heard this, I really felt like keeping this boundaries like something sacred. Before this, I had a little pickme thought like: "well what could happen if I fall into a relationship with a LVM? Worst come to worst, he treats me badly and I will eventually leave". No, worst come to worst you die.

What. W H A T.

Why is he not in jail?! Dear lord I hope they don't let the baby anywhere near this psychopath

Real life lvm crime stories can be so effective at getting you away from them for good. It doesn't even surprise me that he's out. When I started watching crime shows, I was appalled at how long it takes for justice, if any, is served.

The second his mask slips, we dip. No other option! Nothing will make a shitty man treat you right. Not marriage, kids, being "sexier," more attentive, kinder...nothing. Best case, you stave off his annoyance another day. Worst case, you're gone.

Very well said sis

KateJ1982 • 50 points • 10 June, 2021 12:59 AM

Die... and leave behind motherless children who are still under the influence of the LVM and his relatives, perpetuating the cycle of misery and abuse.

Jacquex09 • 6 points • 10 June, 2021 03:39 PM

How is he not in jail?! That poor woman, the justice system has failed her.

How much do y'all wanna bet that when he gets hauled up by the police, he's going to claim it was an "accident" and "BDSM gone wrong".

Equal-Ear2312 • 6 points • 10 June, 2021 06:37 PM

Please, the grandparents need to take her away

Well we are on Reddit so the best thing to do with this horrific and not surprising story is say "Not all men". Because first off that will make it better.

Then we need someone to suggest women are neurotic for being upset and being careful. Maybe throw in some poorly interpreted stats.

One more thing. "This happens to men too. It's terrible for BOTH SIDES"

Did I get all that right? Okay I'm a good Redditor now? OK

Imagine you don't get to hold your own sweet baby girl because you married a piece of shit like you were supposed to and like all overemotional psychos, he beats you and takes your life while you give life to his own child.

It is "misandry" to be outraged though so let me step carefully on this fucked up planet

Sadly, I'm not surprised. I read once that homicide is the leading cause of pregnancy-related death. Not childbirth, but being pregnant for an abusive spouse. Some times they let them live long enough to birth their child. But then they get rid of them because the attention is on the child, instead of them.

Ladies, if you know your partner is abusive, do everything you can to get away from them and not trapped into a pregnancy. If you do get pregnant and don't want to keep it, terminate and don't tell a soul.

rayne_chi • 166 points • 9 June, 2021 09:32 PM

It's literally the number 1 cause of death for pregnant women. Number 1. I hated both of my pregnancies because it's the only times my ex husband got violent with me. I left him shortly after I gave birth the second time because I realized he was a coward who was abusive when I was vulnerable and couldn't defend myself. These POS know exactly WTF they're doing and wait until they have women in vulnerable situations to bring out their true colors.

baobab77 • 58 points • 9 June, 2021 09:43 PM

I'm so thankful you got away. If people knew ahead of time what abusive men were capable of, they'd steer clear.

You're a good mom. The ones that don't leave end up hurting themselves and their kids. I'm so sorry you had to deal with that.

Making "single mother by choice" look better and better as my path towards motherhood

NowTruly • 17 points • 10 June, 2021 07:45 AM

Do it. You will never look back, sister. Hand to God, you and your child will THRIVE.

Just today got an email that a donor i favoured a few months ago is now available in my country. Might be a sign.....!!!! Fuck it I'm buying some today. ☐ my heart is at peace

I'm from a very misogynistic country in eastern Europe. My best friend in high school got pregnant and wanted to get an abortion. Her boyfriend didn't want her to do that, but she was very persistent, so he beat her up. She had a miscarriage. Only me and another girl knew about this.

She didn't want to go to the police, but me and the other girl somehow convinced her, and all 3 of us went. The guy spent a night in custody and was released the day after. We were only teenagers, we had no idea what we were supposed to do next. We tried to convince her to go to a lawyer, but she said she was sick from all of that and she just wanted to forget about it and move on.

This kind of stuff is very common. Women are abused very often, but no woman speaks up because she's the one who's going to be blamed and shamed for it.

Wow, I tend to read a lot of morbid things but this story and the original story have made me visibly upset. I can't even understand what brings men to do such violent acts?

shelballama • 24 points • 10 June, 2021 12:40 AM

Jesus, that's awful. I can't even imagine

paperwasp3 • 22 points • 10 June, 2021 03:40 AM

Men are so...wrong. This is so wrong. And I still get shit when I say the world hates women. Learn the warning signs and heed them!

Watzoo • 12 points • 10 June, 2021 04:50 AM

There but for the grace of god...

That's enough internet for me today.
