

How do you guys open girls?

September 20, 2014 | 12 upvotes | by [SidechainZ](#)

I, for the longest time, have been opening direct with decent success.

However, reading this sub and [/r/theredpill](#) I keep seeing the principles of taking the pussy off the pedestal and never complimenting a girl on her looks.

This contradicts opening direct. So what do you guys do?

Can you explain further the difference of values vs beliefs?

When I was working as a lifeguard, sometimes I'd whistle a girl over to my stand and get her number.

That is perfect cocky abuse of power.

Nice. For those without whistles, just make eye contact and gesture for her to come over.

Hey I'm enjoyit7. Followed by a random comment about where we are, what she's wearing, or some big event. If she responds I'll keep talking. If she smiles she's doomed. If she ignores me I'm gone. In nyc it's not uncommon to be ignored no matter who you are unless she knows who you are.

It's like the less you think about it, the more genuine and better your opener.
