

How to crush this shit test?

July 19, 2014 | 9 upvotes | by [Melodramati](#)

Asked a girl to hang out who reinitiated contact with me after we made out a lot in a drunken stupor, she agrees to meet up but essentially asks why I want to meet up and what I am putting into it. I don't got any sort of oneitis for this girl, I am just curious as to what the hell to respond. Do I go with honesty? Do I make jokes? Do I send her a fucking pusheen? Do I ignore it?

EDIT: Not acknowledging her questions as a being serious worked like a charm. I know she's already attracted to me, so all I had to was simply not fucking up by looking insecure and too emotional. T-thanks trp.

Why do you want to meet up?

"Take a chance and find out"

Edit: What are you putting into it?

Don't answer this stupid fucking question. It's basically: "what can you offer me?" (Qualification)

By saying "what are you putting into it" she's asking me what i want with it basically, like insinuating that I am counting on a fuck or her dating me! I had to make a rough translate of what she wrote since I'm not English.

I think I'll be a bit more ambivalent since she's a virgin, and probably insecure about sexuality. I can do some sort of 'agree and amplify' like "I was just counting on constant devotion, your soul and all of your money" or some shit like that. I don't need to take her questions seriously.

"I have no idea what that really means - I just want to meet up to be honest".

Ignore dumb questions, they won't ask twice and will get the idea.

Ignore dumb questions. Especially when it's that blatant what she's trying to get away with. Answer the first shit test. But not the what are you doing for me question.
