

Gender Bias in Justice System -- Meet the pussy pass (From The New Yorker)

[From the New Yorker, DID A MURDERER IN WAITING GO UNDETECTED BECAUSE SHE WAS A WOMAN?](#)

A very good read to help give arguing points and clarify some terminology for how to discuss these in future endeavors. Stay on your toes, people. Consider this educational material.

Actual comment:

"Gender bias in the criminal-justice system - what nonsense! evidence is made for this reason, that is to provide clear proof (sure it might be confused sometimes but to suggest that it is a gender bias is complete nonsense!) women are just not as aggressive as men."

I think most of those who've taken the pill know otherwise...

I think the point of this post is just an example of how bad women can get. A lot of the TRP will bleed into Men's Rights at times.

There's no way you can stop it. I like to see these little examples from time to time, if inly to further solidify my decision to be ruthless with women since they're clearly doing the same.

further solidify my decision to be ruthless with women since they're clearly doing the same.

It's always good to reaffirm this, even if they're doing it unconsciously.

save this stuff for Men's Rights. bitching and whining about inequality is not what this place is about.

we're better than our society, who gives a fuck what rules they play by.

but this isn't doing that, this is simply audible cries for justice porn, a sad excuse for men to get angry all over again.

Men come to TRP because their reality is brought to a sudden, and violent crashing down by their acknowledgment of the feminist-led inequality.

The bitter lashing out is for MRA, we here accept it and overcome it. The history of society has always been the story of men overcoming the nature of women.

r/TheRedPill is a community for self-improvement through education and discussion. This post was merely to keep TRPers on their game. Think of it as continuing education.

i'm with you on purpose, i just disagree with how you went about it.

the discussion that stems from posts like this is angry and spiteful. it's nothing healthy, there's nothing to "grow" from here.

Society is biased against men. We know this already. It's why we're here in the first place.
