So I didn't want to mess with this girl anymore. She had tried for the relationship, then backed down to just banging. I'm 41, she's 43. And about a 6.5 on my scale, not real bad, but nothing special.

So, she sent me one more text today to tell me that she was even okay with me banging her even though I might be banging other women. It was good night we had last Friday, but for a variety of reasons, I want to move on.

So I met her tonight to tell her. I came up with a beta-esque schpiel to try to kill her attraction. Basically, I told her I thought she was a decent woman and I actually liked her as a person, and because of that, I couldn't muster up enough Machiavellian attitude to just bang her, and use her like that. She acted cool, didn't freak, was just like "okay".

I just got a text from her. She came clean - she's got an on again, off again boyfriend for the last 2 years. Says they have been broken up again for the past few weeks, this poor guy has a BPD ex- that makes his life hell, she's sick of it, she was tired of things with this guy, and she just wanted to see what else was out there. So she got on Tinder, we hooked up, and she got a roll in the hay with a guy that wasn't the same wuss she was used to.

I guess a woman's hypergamy never subsides.

Do you think they'll go down in a blaze of cock glory?

Age will not change nature. It will only change the strategy, sometimes. But they are still doomed to destroy themselves over and over again. The end state is a broken animal unable to make the appropriate choices when emotions are involved.

This is the end state of feminism. Of Daddy Issues. Of CC Sluts. Obliteration. And they love taking you down with them.

Most of the post wall 40 year olds I've dated have been racking up guys like candy because they are lonely and will do anything if you give them attention. I'm almost shocked at the promiscuity but it makes sense. They know they are going to grow old alone without any attractiveness to any decent partners. So the only currency they have is sex.

Don't ever do an LTR with these women. Eventually they will pine for some strange and do shady things.

Absolutely.

On the eve of the presidential election I met and banged a 39 year old in her hot tub.

Three weeks and loads of semen later, she stopped being so responsive.

A couple days after that she gave me the standard bullshit that 19 year old college sluts give about "not knowing what they want" and yada yada I want to sit on other dicks.

Age is just a number. AWALT lasts a lifetime.
