

Poor guy

Please stop calling me a creep.

I hate this. Ever since highschool girls would call me a creep or that im creepy, or say "ew" about me for pretty much no reason at all. I get. I might not be the most handsome guy in the room, but stop calling me creepy when I'm literally just minding my own business and not even paying any attention to you. Im sitting there alone eating my lunch and daydreaming? *in another language* "This creep keeps looking at me". Or being told by friends some girls talked about me being creepy which caught me off guard, because I was just having fun with my friends and having a good time... I didnt even look at or make contact with girls in that moment... and yet I'm a creep? How? I did literally nothing.

I can understand not being attractive, but please stop calling guys creeps for no reason. There could be a girl who's existence is not even known to me and they would call me a creep. I hate it. Also don't say "ew" to somebody unless they are actually a disgusting person please. I dont deserve that. Im just trying to live my life and go about my day. I almost avoid interacting with girls now because of this. Thanks.

The worst part is that most his friends will abandon him because the girls call him creep and they don't want to be associated with the creep because it will hurt their chances with the girls(which is probably not very high to begin with)

MIL03 • 69 points • 1 August, 2021 12:04 PM

Well, not true. Real friends don't do that. I was hanging out with guys like this all my life (from elementary school to uni). You can imagine that I wasn't the most popular guy with girls because of that, even though girls were finding me attractive. I was confronted numerous times by this girls why do I hang out with this or that "creep". I always told them how things were: "He is a good guys and a good friend. He couldn't chose his appearance, if that is what bothers you about him. I'd chose him over those popular a-holes any time of the day."

Yes, most people avoid them because of that stigma, but I wasn't the only "normal" guy hanging out with them.

CyclopeWarrior • 33 points • 1 August, 2021 03:29 PM

It's still true though. "Didn't happen to me and my group" ain't exactly a discredit to reality.

TP_Crisis_2020 • 8 points • 2 August, 2021 12:51 AM

I was a nerd in high school and all the friends in our nerd group didn't give a fuck about impressing women. It was kind of like involuntary MGTOW without realizing it. The only people who would bail on their friend group are simps who care about what women think, and it's a stretch to call people like that real friends.

CyclopeWarrior • 3 points • 2 August, 2021 01:55 AM

Well we are where we are cause of simping aren't we. I'm just saying it's a reality we must face that a lot of bros fall into the honey trap.

MIL03 • -2 points • 1 August, 2021 04:03 PM

I don't know, man. From my expirience every class had a three guilds: normies, geeks and snobs. I've met only one true lonely wolf in my whole life (and it was his choice, he wasn't an outcast), except for him everyone could feet in at least one group, if not all three.

CyclopeWarrior • 11 points • 1 August, 2021 07:08 PM

There's a reason why we see so many jokes of friends disappearing from the group after they get a gf man. Usually the loners gravitate towards each other, and the "by choice" lie people tell it's just because for them it's too much work to keep up the social appearances. Men don't tend to have the social benefits women have.

Jihocech_Honza • 13 points • 1 August, 2021 03:02 PM

friends

These are not friends.

deathtocontrollers • 6 points • 1 August, 2021 09:05 PM*

"friends"

Simps can never be your friend. The simp can only be a friend to women. In fact, I'd rather be friends with a woman than a simp because at least the bitch won't throw me under the bus every time women are around. And women only make annoying friends if they see you as a simp desperately trying to claw your way into any vagina. Because then their opportunistic nature will tell them to take advantage of that by turning you into an emotional tampon etc...

fela fel smoke • 142 points • 1 August, 2021 09:56 AM

I think the majority of complaints about 'creepy' guys are just women seeing unattractive guys going about their day

Aaod • 26 points • 1 August, 2021 07:54 PM

That is the conclusion I came to because I once got called creepy for sitting at a university library studying quietly by myself. All I am doing is sitting and doing math homework, but that is somehow creepy?

gfgdhj5784yu8 • 7 points • 1 August, 2021 10:20 PM

I experienced the same. Just shaming language bullshit to show disapproval and jealousy towards a man with a purpose outside of petty social circles.

This behavioral phenomenon is officially known as "Crab Mentality".

Global_MGTOW • 140 points • 1 August, 2021 10:29 AM

Creep= ugly. I learned this from an early age from my female relatives and friends. Noticed from a young age that if someone considered ugly said anything, it was considered creepy. Attractive guy can be completely vulgar and most girls would laugh and flirt with him, he was never considered creepy.

Kindly-Town • 42 points • 1 August, 2021 03:56 PM

In workplace, women call this sexual harassment.

silly_birb_Banned • 90 points • 1 August, 2021 10:48 AM*

Modern women identify with their sexuality, they are their sexuality and nothing else.

So if hot guys look at her she thinks she gains social points, if ugly one do she lose points.

It's all a childish highschool mentality that women have because they don't want to let go of adolescence

Why? Because being an adult means dealing with consequences which are women's kryptonite.

Patriarchy put the man as head of the family because he can handle consequences but feminism forced all women to agree to be "independent" or be shamed as bigots (same for being sluts)

well done modern women, you played yourself into a society you cannot mentally handle!

kupalkayoredditmods • 31 points • 1 August, 2021 11:07 AM

Exactly.

There is a reason why men are heads of households. Why they are the head of the family. Family, which is the basic unit of society.

These simp politicians are destroying patriarchy.

Canute87 • 17 points • 1 August, 2021 12:48 PM

weak men destroy nations.

kupalkayoredditmods • 8 points • 1 August, 2021 02:02 PM

I believe that the universe is a balance. Yin and yang. The left has abused it's position for a long time. And it is getting worse. Too much right wing principles is bad as well and can lead to fascism. Everything in a balance. Men doing their role as leader and the women to take care of the offspring.

ypvha • 58 points • 1 August, 2021 12:37 PM

remember guys the difference between being flirty and being creepy is 100% your looks.

Marvinkmooneyoz • 1 point • 1 August, 2021 09:02 PM

not quite 100%. Money, pre-selection, actual regular behavior, these do all play a role. BUT, looks play WAY more of a role than most people are admitting. Also, people aren't admitting how strong of an INDIRECT role it plays in who they like/dislike, as in, young men don't want to be friends with ugly guys, for indirect reasons.

ypvha • 3 points • 1 August, 2021 09:05 PM

well said. I have a five figure sum in the bank and women are not lining up left and right to be with me (I am perfectly okay with that). but then again I also don't go around bragging about how much money I really have in the bank, if I did do you have any idea how quickly some blonde bimbo with big tits would want to date my morbidly obese ass? lol

grassbladeX • 52 points • 1 August, 2021 01:49 PM

This is how girls actually create school shooters. Then the media crucifies the "loser". No one talks about what torture they went through to make them what they became.

mjr_awesome • 29 points • 1 August, 2021 04:47 PM

That's because they're not interested in finding actual solutions to this and other problems in today's society. A white kid mowing down a bunch of his peers perfectly fits their anti-white, anti-male, anti-second-amendment narrative. "Keep the masses fighting, while we grab all the fucking money and power."

Throwawaylabordayfun • 20 points • 1 August, 2021 05:52 PM

The target and harass the same person everyday until they break and then once it happens they say. SEE HE WAS CRAZY!!!!

Miserable-Lemon • 41 points • 1 August, 2021 12:24 PM

Women absolutely love destroying people. Without even the understanding of empathy, you're stuck with this nightmare

deathtocontrollers • 10 points • 1 August, 2021 09:22 PM*

Women are extremely sadistic. That's why they become obsessed with men who get on their bad side. It's not enough for such men to only be punished once... You know that saying, "hell hath no fury like a woman scorned." It's true because of their sadism. Take the most sadistic man on Earth and his level of sadism will be on the same level as a woman's. Most stalkers are probably men but the worst stalkers are definitely women. Every time I saw a woman inflicting pain and suffering on someone else or myself, I looked at their

faces and it was like they were having sex with the number one Chad in the universe. It was like seeing right through their mask and into their soul. Only men who have zero experience with women, see them as innocent snowflakes. So they don't call men "creepy" just to shit on men who are not attractive. They also do it for fun. If there is no "creepy" men around, they just shit on women who they see as unattractive or anyone else lower in the hierarchy so they can get off. That's why women with a low SMV are afraid of being around women with a high SMV. A lot of women put themselves in situations to encourage men to make moves on them, JUST so they can reject these men in the worst possible way because they feed off that pain. A lot of women will pretend they want to fuck you, just to change their mind at the last second to make you suffer.

Aaod • 6 points • 1 August, 2021 07:56 PM

If not for needing us to have society function women would gladly send the bottom 80% of men to death camps and feel NOTHING about it because they are incapable of empathy.

deathtocontrollers • 3 points • 1 August, 2021 09:43 PM*

True but they know their standard of living will be third world if they do that. So they pretend to tolerate all men. And they also need unattractive men for after they hit the wall. Because they know the attractive men(at least if they aren't mentally ill or gigolos) will focus on the attractive women.

aknabi • 32 points • 1 August, 2021 11:12 AM

And call a 5'2 300lb girl unhealthy, obese or of course "fat" and you'll be suspended or expelled for being toxic. But then I guess punishing women for being toxic is "unfair" as it's built into their firmware.

Cro_Bro_ • 24 points • 1 August, 2021 10:24 AM

Couple of weeks ago i was at a high school reunion party and most beautiful girl from my clasd told me she would fuck every part of my body expect my face. I didn't say anything because i dont like to kick people who are down. + her current boyfriend isnt as half as good looking as i am.

The response should always be "meh".

They are not worth your time.

meegtower • 19 points • 1 August, 2021 11:48 AM

But if you say you would not fuck any part of her body she'll accuse you of rape.

Canute87 • 5 points • 1 August, 2021 12:49 PM

Why would you want her to fuck your face though?

joselyncanosbutt • 2 points • 1 August, 2021 07:26 PM

Gravy_Gecko • 16 points • 1 August, 2021 01:12 PM

They're doing him a favor.

The sad thing is that, once he's rich and successful, they will suddenly not find him creepy any longer and he will most likely be unprepared for the manipulation that will be mobilized against him.

Some gold-digger will destroy him.

TooTarded4U • 25 points • 1 August, 2021 01:32 PM

He's never going to be rich or successful. That's a false-hope lie told to keep the rejects from committing suicide, because the world needs burger flippers at McDonalds.

In what world do socially rejected people, who have been psychologically tortured for years, overcome overwhelming challenges to become wealthy?

Becoming wealthy requires support and networking. Someone coming from a broken family with no network, and carrying loads of emotional trauma, is not going to magically become wealthy.

Most likely he'll commit suicide around his 16th birthday, or end up working as a cashier in a pharmacy.

Apprehensive-Drop819 • 13 points • 1 August, 2021 02:12 PM

The likely scenario. The folks that grow up essentially "bullied" seem to follow a pattern.

Either they use their suffering as motivation to put in the work to be able to overcome and find that niche in life that allows them to survive or even excel or they just get stuck at the bottom mentally and are motivationally crippled.

..... and yeah if someone is like the guy above and everyone universally sees him as a creep, having a "normal" job and being a regular guy is not going to get him anywhere. The only way out is to put tons of effort in to finding a niche.

TooTarded4U • 22 points • 1 August, 2021 02:19 PM

For every underdog story about a bullied nerd who became rich, there are millions of unreported bullied who suicide. Life isn't a Disney movie. Being bullied doesn't give you "strength", it breaks you until you can't get up anymore because all your bones are broken, sometimes literally.

Apprehensive-Drop819 • 6 points • 1 August, 2021 06:44 PM

deathtocontrollers • 3 points • 1 August, 2021 09:58 PM*

And the rich and wealthy don't want poor men being class conscious so they never have to deal with unions, strikes etc... Because without that bullshit myth, most men will realize, they are doomed to be low status and will want to improve their situation instead of just working and hoping they will make a lot of money one day. Women aren't the only group of people who deceive men on a daily basis...

techstural • 17 points • 1 August, 2021 12:38 PM

I didn't even look at or make contact with those girls at that moment... and yet I'm a creep? How?

That is more likely the problem. Those girls are just trying to provoke some attention from him. Even if they don't desire your acquaintance, it is expected. (So they can spurn it?) Oh, and some are even especially intrigued by shy/unresponsive ones. *GYOW*

Rameslayer • 11 points • 1 August, 2021 12:44 PM*

Corn_in_your_pussy • 7 points • 1 August, 2021 03:43 PM

Fuck. Women are such trash for this exact reason.

21354641651484 • 6 points • 1 August, 2021 04:13 PM

I know it sounds stupid, but do you even lift, bro?

I used to be a really skinny guy, got no respect. After gaining about 40lbs of muscle, people look at and treat me like a different person. People who used to "jokingly" tease me about whatever don't do that anymore.

You can't change how your face looks or how tall you are, but you can lose weight and/or build muscle.

Fallen1729 • 5 points • 1 August, 2021 01:02 PM

Some girls have such low awareness. It should be obvious to them that the reason they think he is a creep is his bad looks, not that he actually is one. Upon realising this they should acknowledge their bias and not make the false derogatory comment.

stunspot • 5 points • 1 August, 2021 03:38 PM

I have to wonder how many of those women knew how cruel they were being and how many were just unthinking in their lack of human decency.

Aaad • 1 point • 1 August, 2021 09:29 PM

how many were just unthinking in their lack of human decency.

They don't think of men especially ugly men as human beings which is why they don't have human decency. Them being cruel to you does not even register to them because to them you are not even a human fucking being you are like a piece of wood nobody thinks much of someone who breaks a board it is just an object.

TooTarded4U • 1 point • 1 August, 2021 01:38 PM

Being labeled "creep" is not just being ugly.

It's also how you behave, your attitude, and that attitude is a result of being raised by a single mother.

You are running womens mental programming in the body of a man, that's why it's so "creepy" to women.

When they look at you, they see a wolf wearing sheeps clothing, they perceive it as a sneak-attack.

They can tell that your behavior is not genuine.

Dude might also have autism as well. Lots of people with autism are undiagnosed. For a person with autism, all social interaction is "fake", it's recited/scripted. The social cortex of the brain is not there, can't process all the

non-verbal communication, so he makes lots of social mistakes without knowing he's doing so.

All of the social behaviors of an autistic person come across as "ungenuine", because it's basically acting, the emotion is fake. So when they see this "acting", they're repulsed, it's like "uncanny valley", talking to a robot that is behaving like a human, but you can still tell it's not a human, and THAT'S "creepy".

Marvinkmooneyoz • 1 point • 1 August, 2021 08:58 PM

creepiness is not defined specifically by what one DOES. What one IS is plenty sufficient to be creepy, by definition. This is unfortuante, and frankly, women are doing themselves a diservice by having no possible sense of shame or self-reflection about their knee-jerk reactions/feelings. But strictly in terms of weather or not some of us are creeps, despite the lack of creepy BEHAVIOR, the answers yes. Some of our very existence serves to creep them out.

deathtocontrollers • 1 point • 1 August, 2021 09:04 PM

It's no different than calling women "ugly" or "fat" or "slutty" etc... Yet we have these double standards that make it okay to mentally abuse men.

drmangrum • 1 point • 1 August, 2021 09:06 PM

It's part of the blame and shame tactics they just to get you back on the plantation. If you're not worshipping at the very of a woman, you're to be ostracized and othered.

analogic-microwave • 1 point • 1 August, 2021 09:41 PM*

The more you react, pay attention and waste time justifying yourself, the more they'll do it. That's what they want from everyone, "creep" or not. Reaction, attention. Stay indifferent to their existence and they'll eat themselves to death.

FritzLane • 1 point • 2 August, 2021 02:43 AM

a "creep" to women is simply a sexually undesirable man attempting to participate in or appearing to be attempting to participate in the dating/mating game

if you really want to see "creepy" behavior observe women when they encounter a chad/man they're super sexually attracted to
