Isn't it wonderful how she tried to flip this as the husband's fault. " My husband broke the trust".

supremekin59 104 points 3 June, 2021 12:11 PM

I love how her friends, co workers, and family all blocked her. Finally someone pays the price for cheating and fucking around. Finally we see a scenario where the woman actually gets punished for cheating. Even though

she will definitely use the family courts on him, he at least has the finances and everything to handle it. Play stupid games win stupid prizes

NarutoBoy87 30 points 3 June, 2021 04:04 PM

Which rarely happens... Husband's gotta be a really nice guy for her family and friends to take his side in this...

gewfbawl 17 points 3 June, 2021 04:15 PM

That's what I was thinking. When I started reading all of that, I was actually shocked. I'm pretty sure it's the first time I've ever even heard of that occurring.

supremekin59 11 points 3 June, 2021 04:18 PM

Otherwise yeah it would've been the other way around, because he would've been the bad guy and she would've been the cheater that got away with it. Some influence this guy has, he's got everyone against her

dickle\_doot 1 points 4 June, 2021 12:26 AM

It happens more common than you think. When my uncle's wife was found to be cheating on him with her ex boyfriend by my aunties. The aunties went to fucking town on her.

People still don't find cheating cool, men or women.

SnooBeans6591 -7 points 3 June, 2021 04:24 PM

Shouldn't have been fired though, it's none of the bosses business.

givemethatrandom 11 points 3 June, 2021 05:00 PM

Probably her work ethic and moral character aren't of use to the business in question.

SnooBeans6591 -8 points 3 June, 2021 06:28 PM

That's the argument always taken by the proponents of cancel culture.

SnooBeans6591 1 points 4 June, 2021 06:57 AM

I'm honestly disappointed by the amount of idiots around here. You'd give society the stick to beat you up: men always get harsher sentences.

Well, you are MGTOW, you cannot cheat while single, but for other men it will soon mean getting fired for looking at a woman a bit too long.

Classicjammer -1 points 4 June, 2021 01:31 AM

Canceling cheaters is always a good thing, man or woman.

whiskeytango13 6 points 3 June, 2021 05:39 PM

She wasn't fired for cheating, she was fired for being a crappy human being.

supremekin59 -1 points 3 June, 2021 04:57 PM

I mean you aren't entirely wrong with that, the least they should've done was suspended her for a week or two without pay.

SnooBeans6591 1 points 3 June, 2021 06:26 PM

When I said none of there business I meant none. It wouldn't be legal where I live, and it is better that way.

rbep531 100 points 3 June, 2021 12:27 PM

I love how she lies and cheats, but he calls her a few names and she acts like it's the end of the world and she doesn't even know who she married. Hilarious.

smfuel87 5 points 5 June, 2021 12:10 AM

Shame SHAME!!

"How can he call a woman those names?" Lol

I fucking love how women really believe they're above reproach no matter how vile their own actions are; How they always fall back onto the socially conditioned idiot hive to always come to her aid and agree with her.

"How dare you react like a normal human getting cheated on! "

Scobism 1 points 10 June, 2021 04:51 PM

That was my ex. She cheated on me and stole money but me calling her a bitch and cunt was uncalled for.

retallator 64 points 3 June, 2021 10:32 AM

Heart warming story, especially the part where she's shunned by everyone for being a cheating cunt.

ApprehensiveCod5 27 points 3 June, 2021 02:20 PM

That part gives me tears of joy.

legion8784 62 points 3 June, 2021 01:13 PM

Remember gentlemen, every man entitled to a paternity test. If that cost gotta come out of your pocket then do it! Better to spend a thousand dollars on a test than thousands over the next 18 years.

gewfbawl 41 points 3 June, 2021 04:18 PM

Dude, I feel like that should be a mandatory requirement for any pregnancy immediately after birth. Because if you go too long and try to when the kid is like several years old, most states will still hold you accountable as the father.

throwaway6991080 9 points 3 June, 2021 11:07 PM

Inside-Party 38 points 3 June, 2021 02:04 PM

CockAFuckityFuck 19 points 3 June, 2021 03:41 PM

cleats4u 25 points 3 June, 2021 11:54 AM

Oh you poor thing, your husband should understand how his emotional outbursts drove you into another mans arms. Next time to get even, sleep with his brother and at least keep it in the family. Remind him how much he is going to owe if he leaves. That should keep him around.

CockAFuckityFuck 21 points 3 June, 2021 03:38 PM

I read that entire post twice and you know what is missing?

Accountability. Look at the words used -

"momentary weakness after a huge argument" - because that other guys cock and semen was the marriage counselor

"tell my husband about my infidelity on my own terms" - naw bitch you were just being a fucking coward because you knew how you would react if your husband fucked another woman

"I didn't have it in me to tell him..." - nope, you were just being a coward

"I don't even know who I married at this point..." - likely a guy who expected his wife to be faithful?

"Ordered paternity tests and administered them without my permission or knowledge" - this isn't France and he doesn't need your fucking permission to get a paternity test done on a kid that is being sold as his.

"I can't believe he would call a woman these things" - what exactly should he have called you?

"I know I messed up but this punishment is too much" - cry me a river, there are men made homeless and commit suicide everyday after their lives are destroyed in family court. Do you hear anything but crickets?

Notice how she doesn't even consider handing the guy she cheated with the bill for child support.

I wasn't married, but when an ex and I broke up after 5 years, my family would shit on her and refer to her as a bitch or psycho when I was around them, but stay liking and commenting on all of her posts, too. With my cousin going so far as hooking her up with a friend, just months after we broke up, and my uncle trying to get her to come over to his house. Needless to say, I don't fuck with my family either.

Yep, she does not take responsibility from the start and then also forgets that there is an actual biological father out there. It is the responsibility of the bio father so go after him for child support.

CockAFuckityFuck 11 points 3 June, 2021 03:41 PM

Oh it's worse, bio father gets a pass because he has 4 other kids LOL, I mean in all honesty calling her a cunt was probably a compliment.

RedditMadeMeReddit 16 points 3 June, 2021 08:17 AM

This relationship was falling apart before she started cheating. Why does she think this could be fixed? There's no way in hell this would be repairable if the man got another woman pregnant.

bobo007 14 points 3 June, 2021 01:47 PM

The kicker here that she doesn't want child support, she is just 'curious' if he has to pay. After all this shit about wanting to put her life back together and earn back respect of her friend and family she wants to make the STBX pay for another mans kid. Beyond toxic.

TeddyMGTOW 11 points 3 June, 2021 11:04 AM

Laws vary state to state..he needs legal advise and act fast. Its fixable...

I used to make fun of attorneys until i found out how complicated the legal system is. Almost ever guy here will need an attorney at some point in a matter that involves a women.

My #1 rule, always hire a male attorney. Don't underestimate the power of the "sisterhood". The pit bull female lawyer that works hard for mens rights is a unicorn that doesn't exist.

1st10Amendments 10 points 3 June, 2021 03:12 PM

The ONLY thing a man gains from a marriage license that he can't legally get anywhere else is exclusive access to that one particular set of sex organs. If that is unilaterally denied him, there is literally no reason to get married, and leaving the marriage is absolutely an option.

Arnold\_Incelinator 10 points 3 June, 2021 04:02 PM

gewfbawl 10 points 3 June, 2021 04:31 PM

He pulled all the funds from their account and now she can't afford to get her own lawyer or pay for therapy. Lol *Does, quite possibly, the most fucked up, low, scum bag thing you could do in a relationship. Says absolutely nothing about it for a year. Receives well deserved consequences.*

"I needed his money so that I can pay a professional to help me avoid my consequences and to pay another professional to help me avoid feeling shame and sadness about the fact that I deserve my consequences. Hey, Reddit, help me come up with ideas to cease the consequences and make everything go back to before I caused my consequences, please? Boohoo"

That's all I grabbed from this.

Thebaron7137 8 points 3 June, 2021 05:12 PM

She got what she deserves. She shattered her own life. Look at the audacity of this bitch. Right in the title trying to blame her husband. She scheeted and got knocked up. And still tries to blame him. Wtf. This right here is why women should never be trusted. Thanks to the modern day internet and social net works. All I have to do is sit back and watch women sink there own ship. Thanks social media. Women proving me right again. □□

"I don't even know who I married at this point. cannot believe he could call a woman these things."

No cunt, he's calling you those names (and deservedly so), not any woman □□.

Flexed23 7 points 3 June, 2021 03:43 PM

Do we really think this is the 1st time she cheated? She said she has been trying to have A kid with her husband but, he has low sperm count. She just happens to have unprotected sex (that alone is reason to cancel her-bringing possible stds to husband) while trying to have a first baby? We all know never to trust what comes out of a woman mouth unless it's cum, I don't trust her story as is as she is a proven lying bitch. She just happened to find A guy she went to HS with one night she had fight with husband? Sure....I bet she has been talking to him for a while and called him to help boost her ego after the fight with husband. The fact it was a HS friend and

shes 34yo sounds shady to me. And I wonder what that fight was about that “forced” her to put another man cock into her, and with no protection. A woman who has sex with a man she just met or the first time without protection in my experience is always a lying, stupid selfish slut. If she does it and goes home and sleeps next to her husband then she is full trash. Same for a dude.

Where have the mature adults gone? I’m 43 and I still have and hear about situations that I experienced in my early 20’s. My opinion... Woman don’t respect men anymore. The feminists (usually at least 1 of her friends or an online chat group) brainwash previously decent woman into believing they have the right to do anything they want... married or not. Bf or not. And don’t need to end relationship b4 she does these things. Her husband or man is not a friend, he’s a possession that she controls.

Modern society including SM and all these movements that are creating division in world not unity are destroying the family. We already know BLM wants to break up the nuclear family. Now we have mentally ill parents transitioning their 12yo daughters or sons to trans because it’s hip and they can now be part of the LGBTQ+ community. A community that is isolated from Other communities. I support this group but to a point. When they divide people it’s bad.

The world is at a point similar to the ends of all last great civilizations. We can’t go back and the liberals want to make things better but, only for themselves and they make decisions based on emotion not facts. When we have so many men teaching others to not get married and woman doing everything they can to “advertise” themselves on SM with fake eye lashes to lips to butt to image filters.... society as we know it is dead. I never. Luke have imagined when I grad HS in 1995 things would be so pathetic and full of narcissistic people I would have married early. I had so many wonderful big school and early college GFs I treated poorly. Girls who were old school, the feminists did hit them yet. Girls with values and morals. B4 reality TV and the Internet brainwashed them. Now I Put on MTV and the like and want to find a bridge to take a swim from as soon there will be no genders, and the hippie free love culture will be the norm.

The true victims are the Children. I already want to slap every 16-25yo I see as they are absolutely horrible In many ways. I wonder how this cheating bitches kid is going to turn out? I feel bad for the kid

ryandiy 0 points 3 June, 2021 06:35 PM

Now we have mentally ill parents transitioning their 12yo daughters or sons to trans because it’s hip and they can now be part of the LGBTQ+ community.

Sounds like you're reading a lot of right-wing fear porn if you're worried about this kind of thing

Flexed23 1 points 4 June, 2021 04:49 PM

Sounds like your a ignorant moron who was stupid enough to vote for a demented Biden and a unqualified Harris. FYI... I know of 7 families with a kid who wants to transition under 14yo. Why are liberals so dumb?

ryandiy 1 points 4 June, 2021 09:38 PM

I would rather vote for a trained monkey over Trump, because the monkey would do a better job and throw less poop then that narcissistic imbecile. Good to know that he’ll probably be in prison soon for his many crimes.

Btw it’s “you’re“. It’s funny how quick you are to insult someone’s intelligence when you haven’t even mastered your native language yet.

That’s a unbelievable amount of families trying to transition their kid. Maybe they’re afraid the boys will turn out like you. Or maybe you’re full of shit.

HannibalsProtege -1 points 3 June, 2021 06:08 PM

We already know BLM wants to break up the nuclear family.

Not true dude, modern feminism is the villain that wants this, not a group that promotes true equality for Black Americans.

Flexed23 0 points 4 June, 2021 04:58 PM

Educate yourself dude. BLM and feminists and LGBTQ+ are all working together. Just look at their protests...you have all those groups as they are the ultra liberals. You are right about the feminists but, it doesn't stop there. Read the BLM website. I, unlike most people who post or talk do my research and actually read and comprehend. And I being a social worker helps as I live in the liberal world and see all this 1st hand. BLM is a Marxist organization and they are brainwashing you into thinking racism is all over the place. If u actually read their stuff...they are the racists. Did u not hear about Chicago mayor light foot? Time to educate yourself with unbiased sources and if ur IQ is high enough use critical thinking skills to rid yourself of Mob thinking

HannibalsProtege 1 points 4 June, 2021 09:36 PM

Well Professor X the only thing you've convinced me of is that the founders of BLM Organization considers themselves to be "trained Marxist." I'll give you that.

What we will disagree on (citing your lack of proof outside of conservative journals) is how to effectively prove the BLM Organization -- and not the movement yes there are two separate entities under one banner here -- is for the destruction of the nuclear family. That has been gravely taken out of context and does not accurately portray that.

The "silver bullet," I know you'll quote is "We disrupt the Western-prescribed nuclear family structure requirement by supporting each other as extended families and villages that collectively care for one another, especially our children, to the degree that mothers, parents, and children are comfortable." Counter to that is a point made by David L. Phoenix professor of PoliSci @ U.C. Irvine who states "It is a call to disrupt the *notion* that the nuclear family structure is the *only way* to ensure neighborhood stability and vitality, and to affirm that neighborhoods that contain a high volume of non-traditional family structures (e.g. households with a single parent or grandparents / other familial figures as primary caregivers for kids) are just as capable of — and just as deserving of — policies and practices that contribute to neighborhood stability and vitality."

So please instead of bucking up with bullshit arguments, and name dropping

Did u not hear about Chicago mayor light foot?

Back it up with PROOF, and not just conjecture based rhetoric.

Time to educate yourself with unbiased sources and if ur IQ is high enough use critical thinking skills to rid yourself of Mob thinking

I suggest you take your own advice, and either shit or get off the pot. Lastly if you want to be taken seriously in an online debate -- doesn't matter what platform you're using -- abbreviations such as "ur, and u," doesn't make you look educated. Any social worker would know that.

Flexed23 1 points 5 June, 2021 07:04 PM

I really don't care what you think. You have nothing better to do then act like a tough guy online? Lol. I do this every so often and my friends and colleagues discuss the growing stupidity of

Americans. I will start with you next week. Thanks!

That-Guy-2122 7 points 3 June, 2021 02:24 PM

The\_Shorto 7 points 3 June, 2021 04:08 PM

Unlike that she put the man she cheated with was (separated) like that makes it ok for her to cheat on HER husband... gas lit him because he called her names... absolutely no remorse on the fact that she cheated only that she got caught.

Good for her family and co workers for shunning her.

He probably wont be liable for CS.. The bio-father is known and you get 2 months time for revoking paternity..

He just needs to lawyer up and get it done with.

But his attempt at controlling her finances was an asshole move.. Regardless of what she has done.

throwaway6991080 17 points 3 June, 2021 09:25 AM

I'm guessing he contributes most of the finances. Man was probably really angry and not thinking clearly id cut him some slack. the betrayal must have been unfathomable. May this be a warning to all men.

Smantheous 3 points 3 June, 2021 03:09 PM

I just think it's dangerous to do this as a judge might feel inclined to be less lenient with the husband during divorce proceedings. Get a good lawyer and let the courts (in all their biased "wisdom") decide how the finances are split. Moving money like this is a very bad move that might end up costing a lot more than if you had just let the courts make a verdict

If she is in the United States, the baby is considered to be a product of the marriage. So in all actuality she can file for child support and most likely get it. The ex husband has to jump through some serious hoops to get his name off the birth certificate and not pay out the nose for a child that isn't even his.

JihadNinjaCowboy 8 points 3 June, 2021 05:46 PM

I wonder why people abide by corrupt laws and let the state unjustly fuck you over? People go off into the

military and kill people overseas for far less just reasons. (oil, minerals, bananas -- read US Marine Corps Brig. General Smedley Darlington Butler's "War is a Racket")

I'm not afraid of death, and if I got unjustly fucked over by a court system, I would spend 6 months plotting stuff that would shock General Butt Naked. Every person involved would pay the price: judge, the whore, divorce lawyer, etc.

The reason why the world is run by corrupt assholes is because everyone is too scared of death to do something about the corrupt assholes. We are brainwashed from BIRTH into thinking violence solves nothing which is bullshit because the degenerate billionaire "elites" with the money outsource to the government which hires other people (police, soldiers) to do violence on their behalf. We are expected to be good, docile livestock for the elites, and just sit back and take it.

Overall\_Raisin5415 4 points 3 June, 2021 06:03 PM

Amen! Wouldn't it be something if the elites actually had to fear retaliation? Possibly death?

Whatdoin27 2 points 3 June, 2021 07:47 PM

Omg it's nice to find someone who thinks relatable things. Hell yeah bro!

bilged 3 points 3 June, 2021 05:16 PM

Yeah but he has a very strong case to get out of it, particularly as the OP has admitted to everyone involved including the real father. The OP's husband is extremely lucky she came clean. If she had waited a few years the courts would consider the established child-parent relationship in its determination, especially if the real father was ducking his responsibilities.

kevintheredneck 1 points 3 June, 2021 05:19 PM

It has happened. It happened to a friend of mine. California has some asinine laws. Paternity was established. But he was married to the lady. So the court put him as father of record.

bilged 2 points 3 June, 2021 05:21 PM

Yes it can definitely happen but is much less likely to if the bio father is known. If unknown, the court basically just says that its in the best interests of the child so tough shit.

joythegreat96 3 points 3 June, 2021 02:45 PM

still playing the victim card!!! AAAAAAAAAAAHHHHHHHHHHHHHH! If I was that husband, I would kill her. Fucking whore!!

megachrispercent 3 points 3 June, 2021 08:03 PM

"I had a moment of weakness after a huge argument with lots of yelling and screaming between us, I went out and ended up cheating on my husband with a guy we went to high school with..."

That almost sounds like that happened within the same day. My guess is she actively sought out the guy they knew from high school, likely through social media, if it happened as quickly as it certainly sounds like it did. Just goes to show how quickly they can have another option ready to go.

delsystem32exe 3 points 3 June, 2021 02:56 PM

curious where the original post is from... anyone have a link

TheKnightRunner 3 points 3 June, 2021 09:40 PM

She starts by acknowledging that she screwed up, but then follows it up by deflecting blame on her husband, making excuses, and playing the victim when people held her accountable for her behavior. Welcome to life sister; where your choices, especially ones that screw other people over, have consequences. What she did was 100% avoidable, and 100% her fault. I'm guessing the Tinder profile has already been made: "Looking for a good man to join us". And of course will tell every guy she goes on a date with that her husband abused her and that's why she left.

kasiviswanathan94 3 points 3 June, 2021 03:37 PM

What a dumbo.

Setari 2 points 3 June, 2021 07:13 PM

cheats because they can't handle a fuckin argument (yeah right she'd been talking to that other guy for a long time, guarantee it)

husband finds out

waaahhh my husband left because I betrayed the sanctity of our marriage and risked him getting stds waaahh  
no money because I didn't have a job ever in my life waaahh

Jesus fuck I bet the comments were like "NTA hire a hit man using sex as currency and kill him" or some outrageous shit.

A\_Walt\_Whitman 2 points 3 June, 2021 06:34 PM

Woman fucks up and doesn't want to be held accountable for her actions. Standard.

afrikansavage 2 points 3 June, 2021 04:30 PM

Props to this guy for getting a paternity test. Were it not for it, she would've probably taken that secret to the grave.

ShakenMemeMagic 2 points 4 June, 2021 05:02 AM

"I can't believe he could call a women these things"

Nah chica, more like "I can't believe I got caught being a hoe and my husband *isn't* okay with it"

No-Atmosphere-8532 2 points 5 June, 2021 04:58 PM

I think it is interesting how she tries to find a bunch of ways to make herself the victim.

She complains that the paternity test was done without her permission or knowledge (he is just trying to find the truth from someone who is a liar), and whines about him getting angry /calling her names. He was deceived and cucked, everyone is going to find out of course he is going to be mad...furious even.

SeptetRa 2 points 3 June, 2021 04:57 PM

The idiot still rejected accountability at the end. No surprise there.

expansion420 2 points 3 June, 2021 05:47 PM

What a disgusting person□

slab3 2 points 3 June, 2021 10:46 AM

whiskeytango13 2 points 3 June, 2021 05:37 PM

She keeps saying she fucked up.... yup, now here's the consequences.

EEEGuba69 1 points 4 June, 2021 05:45 PM

Good job on pulling his money out of the accounts before she could do anything

She deserved every bit of this punishment since men can go to jail for a false accusation.

rskindred 1 points 3 June, 2021 09:07 PM

Another case where she only feels guilty because she got caught and now no one wants anything to do with her. Oh woe is me.

sumitsaxon 1 points 3 June, 2021 04:32 PM

Link?

funny\_like\_how 1 points 3 June, 2021 04:34 PM

Why if it isn't the consequences to my own actions?

CharmanterPanter 1 points 3 June, 2021 05:22 PM

Fucking hell

CableEmergency1455 1 points 3 June, 2021 06:05 PM

I'm really surprised things turned out badly for her. Did it really happen like that? That's how people used to

react in the UK back in the 70s...but since then it's typically the husband being made homeless or living in a bed sit while the wife takes the house and about 40% of his net income.

Ramp\_Up\_Then\_Dump 1 points 4 June, 2021 03:58 AM

Poor baby. Her mom hates him/her for ruining her life (she ruined her life), the father doesn't want the 5th baby. A rough childhood and a rough life awaits the child :/

What a cunt

\_Okio\_ 1 points 3 June, 2021 08:17 PM

The title alone is a clear give away that she has yet to accept responsibility for her actions. *She* and she alone shatter his and their trust.

And then we have the 'moment of weakness' as if her every breathing moment is a struggle not be a cheating C\*\*\*. Most people have to put in an effort of some description to actively cheat. But for she the effort is in not cheating.

Then we have the "I'm broke (zero cash) but don't want child support" lie.
