i have a feeling women might be more comfortable with a more anonymous selection process

My favorite post from this sub. I agree.

This early post asking about wanting a lifelong partner but not wanting kids really had a good discussion going.

The post from /u/margerym "What happens when I deny my husband sex and other thoughts on the Red Pill". It is an excellent breakdown on the differences between theredpill and redpillwomen and the comments are very thoughtful as well. Particularly when discussing the differences and necessity of alpha and beta traits.

I liked this post by /u/Whisper about not to avoid falling into the Slutzone. Not targeted at any single user, but rather it is an excellent all-encompassing explanation of a phenomenon that could potentially affect any woman, and how to avoid it.

Best Overall Submitter: Who has submitted the best, most consistent quality content this year?

TempestTcup • 10 points • 20 December, 2013 06:44 PM

I think that Dana has been the most consistent with her submissions and comments in keeping with the RPW theme and with her own particular brand of tough RPW love.

I mean, everyone is awesome, but no one cracks me up the way some of her brutal comments do :)

MrsStrom • 4 points • 21 December, 2013 01:35 AM

I second this. Dana is amazeballs. (I heard that on a commercial earlier and thought it was appropriate.)

I would like to nominate /u/PhantomDream09 for her always articulate advice in the red pill related subs and getting the RPW IRC set up. She has a wonderful, approachable writing style and seems to possess the ability to explain everything.

Thank you very much for your kind words sugarcrush. /u/Katyara actually set up the IRC chatroom, all I did was make a post with a link to it.

Haha my bad! Sorry katyara. Well anyways the first part still applies.

I vote Phantom and the IRC room is a GROUP effort in running. ;)
