So she uses her ex husband's surname as her stage name for a show in which she talks shit about him? If he's such an asshole, use your own name

Using your marriage as material is one thing, Louis CK did it for years, but mentioning him *by name* and accusing him of being abusive is taking it a step too far, that's not a freedom of speech issue that's defamation.

If you had your way, no victim of a crime that doesn't result in a conviction would ever be allowed to speak of it.

### Defamation

Defamation, calumny, vilification, or traducement is the communication of a false statement that harms the reputation of an individual person, business, product, group, government, religion, or nation.

Under common law, to constitute defamation, a claim must generally be false and must have been made to someone other than the person defamed. Some common law jurisdictions also distinguish between spoken defamation, called slander, and defamation in other media such as printed words or images, called libel.

False light laws protect against statements which are not technically false, but which are misleading.

Ass cancer is pretty funny. Just read my Dad's tombstone.

Duchat • 4 points • 22 February, 2018 04:28 PM

I bet your dad was awesome if he put a good joke about ass cancer on his gravestone.

Ms Beamont, who stays in London.

Is this a polite way to say homeless now?

Gaddness • 2 points • 23 February, 2018 01:06 AM

No she owns London now, she got it in the divorce

Why is this PPD? I see no attempt at using a PP?

IAmMadeOfNope • 8 points • 22 February, 2018 10:23 PM

**Devil's advocate: She's attempting to frame a named defamation of character as a free speech issue. She's also seeking crowdfunding.**

Buuuuuut you're right, no mention of gender.

So not PPD. This sub has just become a place where people post shit happening to women.

Look! A woman was arrested for XYZ! PPD! Oh look a homeless woman! PPD!

The closest thing to a misogynistic sub I've seen. Moderators need to moderate.
