

Vetting a girl's sexual past

June 29, 2017 | 6 upvotes | by [AtlasCuckd](#)

Hello brothers,

What are some tactics you've used to learn about a girl's sexual history? Direct or indirect? If direct, how did you manage to ask her without appearing beta or insecure?

Lastly, what was the nature of your relationship; LTR or plate?

As always, appreciate the responses

This question comes up all the time, surprised no one gave the right answer yet.

The best way to have a chance at getting some legitimate info about her past is to play it up like you're into girls who have slutted it up.

This gives the best chance of not triggering her anti-slut defense and getting some kind of honesty from her on the subject.

Get on some kind of sexual topic, like the craziest place you've ever had sex.

Have some over the top story ready to go (good if it's true, otherwise embellish). Go into detail, be a good actor and make her think you're totally into wild and crazy girls.

Then ask her for her best story. If it's tame, act disappointed and say something like "that's it? ya right I know you've got to have something a little more wild than that, cmon tell me."

While you're doing that, you should be escalating with her (run your fingers on her inner thigh/neck) so you make her mind race and make it harder for her to lie. Make her feel like if she doesn't come up with a good slut story it's going to be a turn off for you and kill the mood.

She should divulge some info for you at this point. You should be able to get a general idea of how big of a slut she is based on what she says.

Interesting. I've heard this one. I've also heard reading "tells" & recognizing signs of a women that's overly familiar with men/strange men.

1. Get her tested at the vet (clinic) or a home test.
2. Actual number doesn't matter, she'll be replaced shortly.
3. Breitling makes nice watches but a bit gaudy for my liking.

I'm more into IWC

Definitely. I love their classic minimalist look and the 38+ casing. They are not gaudy but make a statement.

I don't ask. She is who she is now. I base the way I treat her on how well she behaves.

You'll often find that a former bad girl will behave with you because you have good boundaries / frame, and accept her without judgement.

LordThunderbolt • 9 points • 29 June, 2017 10:31 AM

What his this cuck shit? Former bad girl? There is no such thing. They never retire.

MrTheFalcon • 1 point • 29 June, 2017 10:40 AM

Man, that sounds bitter. Watch how fast a woman changes when she hits the wall.

It doesn't matter either way. Just watch her actions, and if there's any shade, soft next.

Part of trp is awalt so he's saying that she is putting on a front but ultimately is that same girl deep below as they all are

MrTheFalcon • 3 points • 29 June, 2017 11:00 AM

Got it. I'm not disputing AWALT. I'm saying behavior can change when met with a strong frame.

LordThunderbolt • 3 points • 29 June, 2017 11:09 AM

No it won't. That's most of you guys' problem, thinking your girl is the exception to the rule and that you're so Chad that she will do a complete 180 from party slut to good girl once she's in your frame. WRONG. Hoes will always be hoes. Never commit to or LTR an ex carousel rider. The truth is that you ain't shit, you're not special, you're girl is no exception.

They're all ho's sir. Every girl you meet has had cum on her face and cocks in her mouth. The only criteria that matters is how well a woman behaves. What value does she bring besides her holes?

htbf • 1 point • 29 June, 2017 06:12 PM

I don't think you understand what AWALT means.

LordThunderbolt • 2 points • 29 June, 2017 08:58 PM

I think u got the wrong guy

[deleted] • 5 points • 29 June, 2017 06:15 AM

If she's a Girl she's had a ton of sex with a ton of people.

The__Tren__Train • 2 points • 29 June, 2017 07:21 AM

why do you care?

FuckboyAWALT • 2 points • 29 June, 2017 07:25 AM

There is no point in vetting a girl's sexual past. She will lie about n-count anyways.

Focus on the now not the past and enjoy her company.

Get some experience, there are better girls than this one. One indicator however is how much attention she wants from social media. A lot of attention, a lot of dicks.

DadOnDabs • 1 point • 29 June, 2017 07:17 PM

I would only push for that info if I wanted marriage (I don't). I just tell them I don't care about their past and I won't tell them mine.

If you really want to know surprise her with the question multiple times. Ask her first when she is drunk then sober a few months apart so she doesn't remember the last answer she gave if it was a fake number.

You can usually tell by the way they act and how they fuck. If they fuck like shit they probably haven't been with many guys or aren't into you. If they fuck like a pro they have probably been passed around a bit. However if she pushes for a relationship early on or you can tell she has strong feelings for you she could be fucking like that for you.

Either way just assume they are all sloots.

You cannot ask directly and get an honest answer and not diminish your own value in her eyes.

The tried and true method is to act nonjudgmental and then pay attention to how she acts (including how she has sex with you), what she says, and what she doesn't say.

You can ask questions but not super leading ones that will trigger anti slut defense. Small, innocent questions can gain you information that you put together later. For instance, I knew my last gf had been with girls (she told me). One night in bed, I asked her about the first time. She got excited to tell me and in the midst of it gave me information that led me to realize she had cheated on her bf with this girl (he didn't know or approve and he wasn't there in a 3some).

You will never know her full sexual past. Over time, you can tell if she likely has a sexual past you are uncomfortable with. "Whore" has a low false positive rate. If you think she is one (according to your definition), then she probably is. I don't think I've ever thought a girl slutty and been proven wrong.
