

“Every civilization’s decline is when masculinity is in retreat.”

September 30, 2018 | 225 upvotes | by [TheDecorator](#)

Dear Men...DO NOT FEAR the recent quarantine of TRP. This is a MASSIVE shit test. This is the time to put all that information you’ve downloaded into those soggy brains of yours and finally put it to good use. The time is NOW to elevate yourselves. Practice until you can’t get it wrong and then practice some more. Hold the lines. Stand up. Smile. Take action. They’ve taken notice. We’ve won the war and this is their last sad attempt at silencing the truth.

You're welcome

I've been browsing trp.red, and while it's obviously better than having nothing, the site is kinda basic and hard to figure out.

“Every civilization’s decline is when degeneracy is promoted and the nuclear family is destroyed”

Fixed that for ya

Every civilization's decline is when rootless cosmopolitans who make up 2% of the population promote degeneracy to the majority while working in their own group's best interest.

I got banned by the main sub for posting that once. Begs the question, how redpilled are they?

TheBadGoy • 6 points • 30 September, 2018 03:54 PM

Not as much as we wish. Which is weird because they were the ones that built all of this but never went beyond sexual strategy. I was actually endorsed one time but once I started talking about "them" I immediately got the ban hammer, whenever you ask who owns the media most of them will say "women".

After I got the ban hammer GayLubeOil was the only one that started mentioning "them" so not everything is lost. I don't want the boomers here to discuss these topics, but I would like to them to acknowledge certain issues within society.

It's ridiculous for them to be bluepilled on everything else... especially when there is hundreds of years of literature on these issues.

holeintheceiling • 3 points • 30 September, 2018 04:44 PM

Very well said. Heartiste cleverly delineates the “crimson pill” and red pill.

TheBadGoy • 1 point • 30 September, 2018 04:48 PM

There is a crimson pill now? Haven't read Heartiste since Roissy left, but crimson pill is the perfect word for it.

holeintheceiling • 2 points • 30 September, 2018 04:52 PM

Yeah, crimson pill deals with women and seduction. Red pill includes that and is more all encompassing on issues of race and the Jewish Question.

I love the fact that he hasn't built the wall, but thank god we moved Israel's capital to Jerusalem!!!

TheDecorator[S] • 16 points • 30 September, 2018 03:01 AM

I applaud your effort.

PostModernCommie • 1 point • 30 September, 2018 03:57 PM

You can thank capitalism for that

We've won the war and this is their last sad attempt at silencing the truth.

This is too good to be true. Because it ISN'T true. For those politically minded, just look at the example set in DC. Not taking sides, here, but, the GOP thought that Kavanaugh was in like Flynn. "We've won! What can possibly stop his confirmation now??? The vote is on Friday, the confirmation on Saturday!" The reddit sub celebrating The Donald even posted "The Dems acknowledged defeat!" Then, Flake, a Republican that voted FOR K previously, and who held a deciding vote, reversed himself. Just like that. [snaps fingers]

As Churchill said in re D-Day: "This is not the end, neither the beginning of the end. It is, however, the end of the beginning."

fender1878 • 2 points • 30 September, 2018 01:31 PM

No, this is 4D chess my friend. Flake didn't reverse himself at all — he voted yes and Kavanaugh goes to the senate 11-10 as expected.

What Flake did was cut a deal (he can't enforce) with Democrats to only vote yes on the senate floor if there's a one week FBI investigation. The best part is Grassley letting the Democrats banter about the specifics knowing full well he must adjourn the meeting by 2:00 PM (a Democrat rule that backfired).

The only concern with stalling for a week was the chance of additional false accusers coming forward. Last night a formal criminal investigation was launched into the accuser who said Kavanaugh was gang raping and beating woman on a boat in Rhode Island. The accuser then recanted on Twitter. The investigation will discourage others from trying this in the meantime.

Now Kavanaugh will be even more of a shoe in. With an FBI investigation completed, no wrong doing found, there's no excuses from Democrats.

((((They))) are responsible for society and masculinity decay, pushing depravity like porn, interracial, globalism, finding pigmented men on the street raping and stealing our women while taking our jobs. We need to fight them and take back what is ours. Asians are ok tho

All you need is to go fucking lift and quite being a bitch.

That's niche level of condensing information. But I won't get a vacation for saying I am drunk this time lol.
