I'm still expecting to deflower this virgin but I wonder if our hostile chat is conducive to the goal. See this recent chat. After a long argument with **Croatian Mouse**, where she is having a go at me for fucking a muslim virgin in the ass....

Me: yeah whateverÂ Â Â there's a world of difference between the Bible and KoranÂ Â Â I dislike both, but the Bible is not a savage 7th century murder manual

Her: it's Qur'an

Me: it's bullshit, is what it is

Her: go read a Qur'an

Me: I'd rather eat dogshit

Her: it's just sad you don't understand the differences between the cultures...Â Â Â you hate indians as well maybe?

Me: No. I've got no problem with Indians, or with Hindus and Sikhs

Her: ..just Muslims, cause they believe in something that's obviously a pure bullshit?

Me: noÂ Â Â I don't mind that Islam is bullshit. ALL religions are bullshitÂ Â Â I mind that Islam is evil, expansionist, savage bullshit

Her: oh, Islam is just worse than others?

Me: yes

Her: Islam is NOT evil

Me: Muslims are not evil. Islam is evil

Her: try to study it a bit...Â Â Â I got that point

Me: take your clothes off

Her: still, you're so very wrongÂ Â Â you know, every time I speak to you...it just mostly makes me wanna hit you...but that would turn you on, so...that's all just lame

Me: it's because you're attracted to meÂ Â Â Girls say "I didn't know whether I wanted to hit him or kiss him"

Her: you're not an option. and once upon a time I even thought we could be friends, but obviously girls are not good friends, so...there's nothing between us, and it will stay this wayÂ Â Â you just never say something that would surprise me in a good way

Me: send me a naked photo then

Her: you think you're smart?Â Â Â you think you're a good person?

Me: I was the smartest person in school in everything, every year

Her: you think you're an alpha?

Me: I know I'm a good personÂ Â Â It's not for me to judge if I'm alpha – only girls can decide that

Her: I just don't like you

Me: that's okÂ Â Â you can still suck my cock

On a related note, I was in a Facebook chat with my latest Brazilian girl while I was writing this post. I accidentally copied and pasted the post heading into the chat with her. Oops! So, I've changed the title incase she googles it.
