

Some things people have been saying about me

Krauser PUA | 4 October, 2010 | by krauserpua

WordPress has a pretty good analytics page to track site hits, search engine results and so on. Every now and then I'm gratified to find novel ways for people finding this site.

A comedy forum described me as "*Krauser PUA!! He's the very model of the modern major Womaniser.*" A guy following the link commented "*That blog is scary.*" It gets even better and my heart swelled with pride to read:

"OH MY FUCKING GOD THAT BLOG IS ABSOLUTELY SUBLIMELY MAD!

What a treasure. What a fucked up unbelievable treasure. I can't believe people like this exist. To be fair though his day game model is truly a step above the rest. I honestly envy a man which such a perfectly structured set and who aspires to be Patrick Bateman."

Sosuave linked me as the "*Short, fat, bald, old guy routinely scoring hotties half his age.*" I suppose I should take that as a compliment. One guy replied "*When I read your post I was expecting to see a Danny de Vito look alike. Instead it's a Jason Statham look alike.*" I've also been told I'm ugly-to-average, a source of much merriment among the guys in Chateau [RSG](#).

Favourite searches that led people to me blog are:

fat, small cock
pua are worthless
girl fucks panda
first muslim sucks my cock

[**edit** – today someone searched "porn shemale sex treasure squirting" to get here. WTF? K.]

[**edit 2** – I nearly pissed myself laughing when I saw I'd been linked on a Liverpool FC fan blog. First some guy *shamelessly* regurgitates my Book of Alpha series, not that I mind but at least give me the credit, and then this guy links to me with this comment:

"This is hilarious/worrying. Just the post titles alone are worth the time it takes to look on there: 'Five Fingers Fucks In five Days', 'I Bang My First Half-Finnish, Half-Kazhak Lithuanian', 'Take that Fritz!', 'Chimpanzee Game With The Japanese'.....

And on & on it goes. I'm genuinely impressed with this nutter, not for his womanising ways and what-not, but for his utter mentalism and enthusiasm to document it."

Priceless!
