

The Big Picture

The Rules Revisited | 14 August, 2012 | by Andrew

Somehow I missed reading this post in detail when it was written, but I just did, and really liked it:

Hooking Up Smart: [25 Politically Incorrect But Effective Ways To Make Him Your Boyfriend](#)

I actually disagree with a couple small things in the list, but it paints an excellent overall picture of how a girl should dispose herself towards men if she wants them (or just one) to love her. Especially [if you are young](#), or inexperienced with men (perhaps you didn't have much [instruction from your parents](#) about the opposite sex) I highly recommend setting this as the backdrop for [the more specific things](#) you learn about how to attract men.
