

What women want, part 2

Alpha Game | 14 March, 2014 | by VD

This is taken from a newly published book description. Any questions:

Grigore Lupei is the youngest member of Alpha Trio, the secret Shifter police squad. He's always been the joker, the charmer, the fun one.

Lately though, seeing with his older brothers with their gorgeous Mates, wallowing in happiness and reeking of sex, is starting to take its toll. It's getting harder for him to pretend he's happy with a string of meaningless conquests when what he really wants is something like what Drei and Em have found.

But spending time at the bottom of a bottle is a dangerous prospect for a someone in Grig's line of work, especially with the vampires plotting to kidnap Cat, Em's human Mate, to use for their nefarious purposes.

And an ambush one night when he's drunk and alone might just prove to be his undoing...and threaten the Alpha Trio forever.

Until a vision with silky black hair, plump red lips, and a deadly blade shows up to save him. Kall says she can help Grig and his brothers stop the vampire threat once and for all – but can he trust the mysterious, dangerous stranger?

Will she bring peace and safety to the Alpha Trio...or something else entirely?
