

LawDog Book Bomb underway!

Larry Correia is [calling for a book bomb](#) for new Castalia House offering [The Lawdog Files](#):

As a small town Texas cop he used to post these funny true life stories, and they were hilarious. Seriously, the guy has a gift. Some of these stories have become internet legend, like the amorous armadillo, the pink gorilla suit, and the shootout with Santa.

After nearly two decades of us bugging him, Lawdog has finally written a book!

Sounds like a fun read! If you want in on the run, you can do as I just did and click on the [Amazon link](#) and buy the kindle version for only \$4.99.

The purpose of a BOOK BOMB is to get as many people as possible to buy the same book on the same day. That gets it to go up in the sales rankings on Amazon as much as possible. The higher it gets, the more eyes see it, the more new readers check it out. Success breeds success, and the most important thing is that the author GETS PAID. So please check it out, and if you like it, tell your friends and spread the word.
